

## SOUTHERN PACIFIC LOCOMOTIVE BLOWS UP; ENGINEER AND FIREMAN HURT, CARS WRECKED

### SHORT RESPITE IS GRANTED TO HALSEY

### Louis Glass Files Another Bond of \$10,000.

SAN FRANCISCO, July 29.—A short respite in the graft cases will take place owing to the postponement of the various proceedings on today's calendar in the Superior Court. Judge Dunne postponed the trial of Theodore V. Halsey until Wednesday at 10 o'clock on the plea of Attorney McPike, that he has not received sufficient notice of the particular charge selected by the prosecuting attorney.

The drawing of a jury panel, however, will take place at 2 o'clock this afternoon.

Louis Glass appeared in Judge Lawlor's court this morning and filed another bond of \$10,000, the Pacific Surety Company assuming the responsibility for his appearance on the occasion of the second trial set for next Monday. In order that there might be no question about the validity of an order for a new trial made on Sunday, the order was again entered today.

Schmitts and Ruel were both in Judge Dunne's court this morning with their attorneys. Schmitts was to plead to a number of charges of extortion, but was given another week. Ruel was given another three weeks in his case. Dinan also had his hearing postponed for three weeks.

In Judge Lawlor's court the hearing of Nathan M. Adler on the charge of perjury, S. P. Nichols, agreeing to accept a bribe, and *Power vs. Duffy*, perjury, were postponed till August 5.

### Fighting Dogs Attack Man Who Parts Them

While separating two fierce fighting dogs, J. H. Strickler, a gardener, living at 228 Eighth street, had his left thumb badly torn and lacerated and barely was able to free himself from the attack of the two brutes. Strickler is the gardener at the Brouse residence at Fifty-sixth and Telegraph avenue. Yesterday afternoon while watering the garden, Brouse's dog got into a fight with a strange dog. They were tearing the lawn up in their desperate struggle when the gardener rushed at them first with the hose, then with a club. After the bleeding canines had enough of each other they turned on Strickler. His clothes were badly torn before he succeeded in beating a retreat. Brouse's dog, which is the larger of the two, took a firm hold on the gardener's thumb, making a wound that Warden Page at the Receiving Hospital had much difficulty in cleansing.

### Wild Over Renewal of "Ripper" Outrage

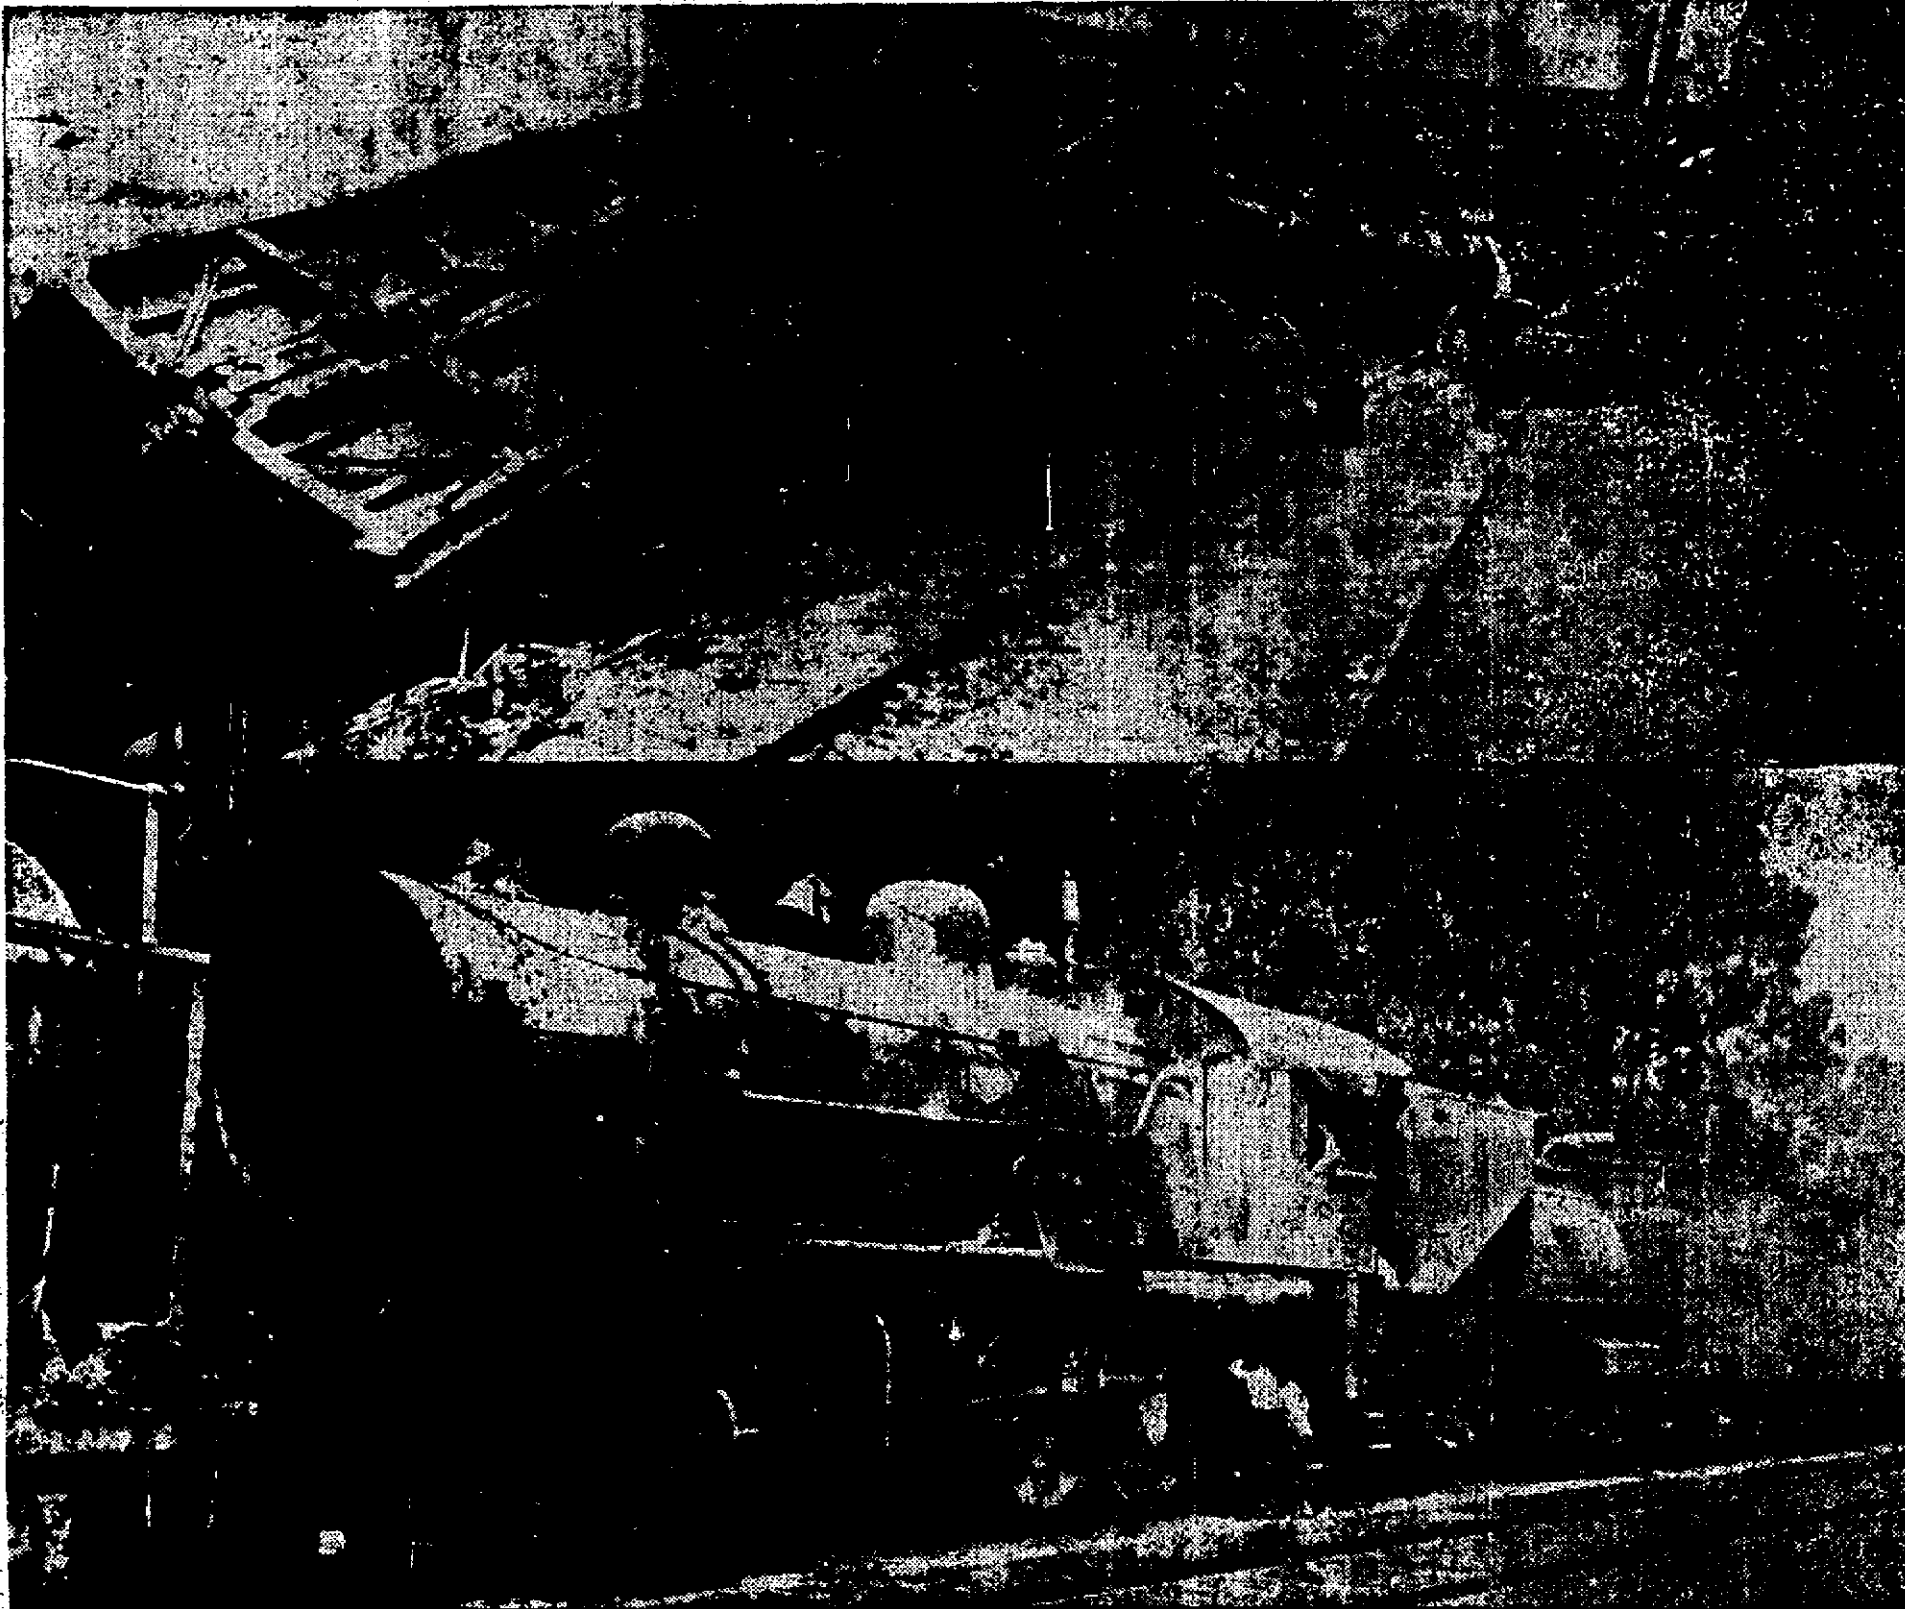

BERLIN, July 29.—The recurrence of a "Ripper" outrage has caused another wave of nervousness and dread to break over the city. A woman, on opening the door of a flat, surprised a man in the act of striking down an eleven-year-old girl. The woman screamed and the man ran and succeeded in getting away. The residents of this section in such a state of nervous excitement that they fell upon and beat fearfully a harmless man because he had offered a child a piece of candy.

### 'PUT THAT IN YOUR PIPE AND SMOKE IT'--HENRY

SAN FRANCISCO, July 29.—Francis J. Henry returned from his outing on Russian River this morning as smiling and unperturbed as if the result of the Glass trial had been fully to his satisfaction and expectation.

The first case I tried in the north was that of Congressman William

### Bad Accident Occurs Near West Berkeley

While extra freight 2890, northbound, on the Southern Pacific railroad, was about half way between Corbin station and Fleming's Point, just outside the West Berkeley line at 4:45 o'clock this morning, the engine exploded, derailing the train.

The train was running about thirty-five miles an hour when the explosion came and the crown-sheet of the locomotive was hurled fully 200 yards into an adjoining field, tearing away the telegraph poles, and the wires.

The engineer, E. J. McLaughlin, and Fireman Irving McAfee were thrown from their seats, landing on the hard ground, and were hurt, but not seriously injured.

They were removed to the Central Hospital, Oakland, in an ambulance ordered from the Berkeley police, and were given attention by Dr. Benton, health officer of Berkeley. McLaughlin sustained several burps bruises and

scalds, but none of them are believed to be serious. There were no bones broken. Fireman McAfee has a broken left leg, received when he landed when thrown. He is also bruised and scalded. Neither of the men will talk relative to the accident.

Several cars were derailed and the north track is blocked to trains. The train came from Port Costa and was made up of loaded oil tanks and box cars.

The firebox of the locomotive dropped to the rails, but the engine remained on the track in an upright position.

The entire force of the explosion seemed to be forward, and upwards, as is shown by the crown sheet being thrown ahead and up. The noise aroused those living in the vicinity and the police of Berkeley were notified.

Dr. Benton and an ambulance hurried to the scene of the accident, the report

### MURDER CHARGES AGAINST MRS. GWYER DISMISSED

#### States the Evidence Is Very Insufficient

At the request of District Attorney Everett J. Brown, the murder charges against Florence Ruth Gwyer were dismissed this morning by Judge Ellsworth. Mrs. Gwyer was tried once for the murder of Flo Peterson, a young actress, who in her dying statement made to District Attorney Brown last October in a room above the Free Market, told about an alleged criminal operation that she conducted.

"I have talked the matter over with Dr. O. D. Hamlin, who performed the autopsy on the girl," said Brown this morning, "and I am satisfied from his investigation that the evidence we have cannot convict Mrs. Gwyer. Dr. Hamlin says he thinks the injuries on the girl, that brought about her death were caused at least eight or nine days before we have proof of her visiting with Mrs. Gwyer."

GETS BAIL MONEY BACK.  
By the dismissal of the murder charges against her Mrs. Gwyer will be refunded

the \$25,000 cash bail on which she was enjoying freedom. Mrs. Gwyer has a large string of race horses and has considerable wealth.

Quite a sensation was sprung when the young actress told the District Attorney that this woman doctor had injured her to cause her death. She told Brown that she had called at the home of Mrs. Gwyer at 1328 Chestnut street. Miss Margaret Jones of 824 Oak street, Alameda, corroborated some of the dying statement, but she could not give testimony that showed where Mrs. Gwyer was responsible for the girl's death.

JURY DISAGREED.  
Mrs. Gwyer was defended by Attorneys M. C. Chapman and Lin S. Church, when she was tried in Judge Melvin's court last spring. The jury disagreed after an all-night deliberation. The prosecution was conducted by Assistant District Attorney W. H. L. Hynes. During the night while the jury was deliberating one of the jurors took sick and nearly died. He was revived by Steward Borchert of the Receiving Hospital.

### DETECTIVE BURNS SAYS: "GLASS JURY WAS FIXED"

SAN FRANCISCO, July 29.—Detective William J. Burns and his entire force are busily at work investigating the movements and conduct of the jury which disagreed in the case of Louis Glass, vice-president of the Pacific States Telephone and Telegraph Company.

Mr. Burns firmly believes that the jury was fixed and he is making every effort to discover the guilty parties and to find out, if there was any possible way through which either the jury themselves, after they were sworn, or some of them, while they were members of the panel, were reached in any way.

confident that they will yet secure the conviction of Glass. It is rumored, however, that they suspect that Sheriff O'Neill did not take proper charge of the jury and if they can prove this fact they will endeavor to have an error appointed to take charge of the jury in the second trial.

District Attorney Langdon returned to the city late last night, but absolutely refused to make any statement as to his opinion of the final verdict. Detective Burns, with Mr. Hynes and Mr. Langdon, were in close conference for a long while this morning, and it is thought that some evidence has already been unearthed in connection with the alleged tampering with the jury.

### MURDER! 4 SHOT AT DEATH BED

#### Kills His Brothers and Sisters

VERSAILLES, July 29.—Grief and sorrow reign today in the residence, near Neptune Park, of the stricken Huntington family, where last night Henry Huntington, son of Major Douglas St. George Huntington, shot down two sisters and two brothers at the moment the members of the family had gathered around the death bed of the father.

Major Huntington is breathing his last. The condition of Elizabeth and Alonzo Huntington is today declared to be desperate, although not hopeless. The wounds inflicted upon Edith and Douglas Huntington are not serious.

Mrs. Huntington, their mother, is completely prostrated from the shock and confined to her bed. A few blocks away Henry, who is regarded by his family and friends as demented, is in jail. He is dazed and confused and hardly realizes the terrible thing he has done.

Major Huntington is one of the best known Americans in Paris. He and his family have long taken a prominent part in the social and official gayety of the French capital.

He is a retired army officer, and has taken up his residence abroad, and he lived in Chicago, where he was an associate of those prominent in army and business circles.

In Paris he became well known for his after dinner speeches at the American

### FIRE! 20 ARE KILLED! LOSS \$1,000,000

#### Waves of Flames Sweep Gotham

NEW YORK, July 29.—Shocking loss of human life and destruction of property estimated at more than \$1,000,000, were caused by fires in New York and its immediate vicinity in the twenty-four hours ending at 8 o'clock this morning.

Twenty persons are dead and fifteen suffering from injuries as a result of the burning of a six-story double tenement in Chrystie street and financial loss from the destruction of the Long Beach hotel at Long Beach today and the Steeplechase Park and other property at Coney Island yesterday.

In addition the steamship Hamilton, of the Old Dominion Line came into port yesterday with part of her hold ablaze. The Hamilton was at her dock before any one of the passengers knew there was a fire on board.

The flames were extinguished after about \$15,000 damage had been done.

### TAYLOR TO OUST DINAN AND POLICE COMMISSION

#### Mayor Declares Men He Appoints Must Be Entirely Free From All Dictation by City's Executive.

SAN FRANCISCO, July 29.—Complete reorganization of the police department will be the next step taken by Mayor Taylor in the municipal housecleaning. This will mean the removal of Chief of Police Dinan and probably the present board of police commissioners, or at least a majority of them.

In speaking of the matter Mayor Taylor said:

"I will under no consideration appoint a man to any commission to whom I can dictate. To this rule the police commission is no exception. As a prelude to the removal of Chief of Police Dinan, of course a new commission will have to be chosen. I will appoint my own commissioners, but I haven't the least idea at this time who Dinan's successor will be."

### GIRL IS FOUND DEAD; MURDER OR SUICIDE?

COLORADO SPRINGS, July 29.—The body of Miss Laura Matthews of New York city, was found lying in a lane near by Wild easty this morning with a bullet hole through her head. Miss Matthews had been found in Colorado Springs several days ago and had been apartments at the Anson Hotel. Last evening Miss Matthews ordered a supper here and rode in the direction of her home.

This was the last seen of her alive. Peculiar circumstances surrounding the finding of the body of Miss Matthews gave rise to the belief that murder had been committed, but later developments indicate suicide.

Miss Matthews was a well-known musical comedy actress, 19 years of age. It is said she had been engaged to a wealthy businessman and was despondent because of his failure to return her affection.

The explosion of a bomb, placed the police believe, by agents of the Black Hand in an Italian grocery store on Chrystie street, started the fire which crept through the Italian tenement and destroyed the lives of a score of people and injured fifteen others.

The noise of the explosion caused a panic in the densely populated district and the police say that many perished in the flames, fearing to escape to the streets, where they believed death awaited them from the dreaded Black Hand.

A second explosion from a kerosene tank followed and the whole lower floor was a mass of flames.

The fire shot up the stairways, cutting off all escape from those in the bedrooms above.

FIRE ESCAPES CROWDED.  
Many rushed to the fire escapes which

# Prominent Citizens Petition the Board of Supervisors to Take Action in the Matter.

The following petitions were filed with the Board of Supervisors today:  
OAKLAND, Cal., July 29, 1907.

**TO THE HONORABLE BOARD OF SUPERVISORS, ALAMEDA COUNTY, CALIFORNIA—GENTLEMEN:** We, the undersigned, residents and taxpayers of Alameda County, do hereby petition your honorable body to have what is known as the Boulevard Road extended from High street to the city limits, which, when completed, will give a continuous boulevard from the city to Hayward. We consider this a matter of great public importance to the taxpayers of Alameda County, as the boulevard is a main county thoroughfare.

The improvement is one that is greatly needed, and when completed will be a benefit to the entire county. The distance between the city limits and High street is short, and the cost of construction will not entail any additional burden to the taxpayers.

We trust that your honorable body will see your way clear to order this very necessary improvement. Yours truly,

## MOYER TO LEAVE PRISON TONIGHT ON \$25,000 BAIL

**Prosecution Opposes Release of Pettibone, Whose Trial Is Set by Judge Wood for October 1.**

BONNE, Idaho, July 29.—Judge Wood in the District Court this afternoon, ordered Charles H. Moyer, president of the Western Federation of Miners, admitted to bail in the sum of \$25,000. It was announced that the bond would be ready some time tonight. Cash bail may be given.

## SAYS INSULTING CONDUCTOR TRIED TO KILL

SAN FRANCISCO, July 29.—Policeman Q. T. Cox believes that he saved the life of M. J. Burke at an early hour this morning at Gough and Market streets. The patrolman had just reached the corner when he saw a drunken conductor of the United Railroad standing with a pistol pointed at the head of Burke. He rushed to the two men, and grabbed the drunken before it was discharged. Burke then told his story to the police officer as follows:

"With two companions I boarded a Market street car at 3.10 a. m. and sat on the outside of the car. We had not gone far when the conductor came forward for a short chat with the motorman. During the course of their conversation, they spoke slightly of a young woman who was sitting near me. One of my friends said to me loud enough for me to hear that he was going to talk about a girl. I made no response to his statement, but the carman had overheard it and he started in altercation. As this I jumped off the car and ran over to the corner. The conductor saw me and as I turned to see what he wanted, he showed a revolver into my face. I have no doubt that the officer had not interfered he would have blown my head off."

The conductor, who was arrested, emphatically denies the story told by the passengers on the car, but the police are inclined to disbelieve him. He gave his name as James C. Young and was booked at the city prison on a charge of assault with a deadly weapon.

**JURY FAILS TO FIND CAUSE OF SUICIDE**

BERKELEY, July 29.—The coroner's jury in the inquest into the death of Fred Bellows decided this afternoon that death was caused by a break over the head taken with suicidal intent. The testimony given did not develop any startling features.

Harry and Walter Kleinhardt were somewhat reticent. The point brought out that might point to a motive for the suicide was that he met Harry Kleinhardt by appointment at 3:30 o'clock Friday evening in the front yard of the house at 1000 Broadway. This point was not followed up by the coroner. The coroner said that the letters contained or who they were from, as only letters from his mother and brother were mentioned. The coroner said that he found back of Kleinhardt's house.

DR. O. D. HAMLIN, WHO VISITS POPE AND LORENZ.

## Dr. O. D. Hamlin Returns From Extended Visit Abroad—Sees Famous Lorenz and Ruins of Rome.

Dr. O. D. Hamlin, chief surgeon of the County Emergency hospital, has just returned from a three months' trip in Europe, whence he was accompanied by his wife and child.

While the main purpose of the trip was in the interest of surgical science, the doctor was reluctant to say much about the professional side of his journeying when interviewed, but grew enthusiastic over what he had seen and heard when devoting himself wholly to sight-seeing. It was drawn from him, however, that he had visited all the medical and surgical centers of Europe, namely, London, Edinburgh, Berlin, Vienna, Rome and Paris.

The large cities devoted to surgical work are Berlin, Vienna and London. But he was gratified to learn from the lips of the professional men that they were not any better than American surgeons in actual surgical operations.

**AMERICA AHEAD.**  
In surgical technique, it is admitted that Americans are ahead.

"Sir Victor Horsley, the greatest surgeon in Europe, told me when I visited him," said Dr. Hamlin, "that if I had come to see medical technique, it would have been better for me to have stayed at home. But they are ahead of us Americans in the way of diagnosis and bacteriology."

Dr. Hamlin visited the largest hospital in the world, located at Vienna, where he saw the famous Dr. Lorenz operating. The hospital contains 800 beds. Speaking of Dr. Lorenz, Dr. Hamlin said it is a mistaken notion that Dr. Lorenz depends entirely upon bloodless operations for the treatment and reduction of physical deformities. It is the great surgeon's regular practice to inspect the cases brought in for surgical treatment and assign them for the bloodless or the incision method of reduction, according to his judgment, of which method is most promising of success.

Dr. Hamlin preferred, however, to talk of his sight-seeing rather than of his professional experiences. He was greatly interested in his visit to Rome where everything seemed familiar and yet strange, new and yet old. The Coliseum, the Trojan column and the Forum greatly interested him, and he was surprised to see these ruins of ancient Rome in such a high state of preservation, particularly the walls of the Coliseum. The Romans who are, as a whole, very superstitious, hold the belief that so long as the walls of the Coliseum stand Rome will survive, but that when the walls fall Rome will fall, and the end of the world will be at hand.

**APOSTLES' PRISON.**  
Dr. Hamlin was also much interested in the prison in which Apostles Paul and Peter were imprisoned, which is in a perfect state of preservation today, although it was built 600 years before Christ. "It is really the best preserved building in Rome," said the doctor.

The Vatican was a place full of interest, as its collection of paintings and sculpture is admitted by all other art centers in Europe to be the finest in the world, containing the masterpieces of Michael Angelo, Botticelli, Raphael, and the school of the sixteenth century. Augustus Caesar and Mark Antony, which were consecrated by Constantine the Great, and which have since been preserved by the various Popes.

**AUDIENCE WITH POPE.**  
During his visit in Rome, the doctor had an audience with the Pope who he says is a man of gracious nature. To have access to the Pope, which the clergy of all denominations and others visiting Rome from curiosity, business or pleasure seek, application must be made to the ambassador, who conveys the request to the bishop, who then conveys it to the Pope. "Then you must pass the challenge of the Swiss guards," added Dr. Hamlin.

**IN NAPLES.**  
Naples is an interesting city, but it is chiefly interesting because it is the dirtiest and lowest city in Italy. Most of its inhabitants are beggars. They revel in filth. Its streets are narrow. The people of other parts of Italy despise the Neapolitans and shun them. American visitors to Naples are held up generally for alms.

In passing through the streets some one will brush the dust off your shoes without being invited to do so, and then they may pass a brush over your coat for which they expect you to give them money. And if you give to one, you will have to give to scores, for everybody in sight will importune you for coin or help.

But although the Neapolitans are filthy in their habits and ignorant and superstitious, they are wonderfully gifted in art.

The doctor visited Vesuvius and crossed the summit. He also had a pleasant interview with Professor Palmieri, who is in charge of the observatory on the mountain, and who has risked his life during every eruption that has taken place since he has been in charge of the observatory in order to study the action of the mountain and its fiery crater.

For his courage in sticking to his duty in their habits and ignorant and superstitious, they are wonderfully gifted in art. Palmieri had the order of Knight.

## Recalcitrant Members Get New Light and Hand in Resignation With Others—Old Ones Nettle the Mayor by Late Arrival at Official Headquarters.

SAN FRANCISCO, July 29.—The entire new board of supervisors was seated this afternoon. District Attorney Langdon says the rebellious members of the old board have had some new light and that their resignations will come in with the others.

"The duties of public office in San Francisco have become very onerous," said Langdon, "and the opportunity of retirement will come as a release to these men."

Mayor Taylor and the members of the new board arrived at the supervisors' headquarters at 10 minutes before 2 o'clock. They went immediately to the ante room, where the secret conferences of the old board have often been held. Not a member of the old board was in sight at the time. It has always been extremely dilatory in convening and although the hour of 2 o'clock or 2 o'clock, the old board has seldom got together before 4 o'clock.

This delay proved embarrassing and annoying to Mayor Taylor and his new board. They were obliged to wait for resignations before they could proceed to official action.

The time was spent in discussing various features of the new administration. A complete reorganization is found to be necessary, as Tweedie and O'Neill are the only members left over, and they have not been particularly active in the committee work.

## HALSEY ORDERED TO FACE A JURY ON WEDNESDAY

**Prosecution Anxious to Get a Verdict in His Case as Soon as Possible.**

SAN FRANCISCO, July 29.—The great trial is being taken in the trial of T. V. Halsey, general agent of the Pacific Telephone and Telegraph Company.

This morning had been set for the impeachment of the jury, but the attorneys for the defense were not ready and Judge Dunne had other business demanding his attention.

The prosecution, however, was anxious and ready to begin. It was desired to get the Halsey case out of the way before the second trial of Louis Galt is resumed next Monday. Under the present circumstances it will be out of the question to finish with Halsey within that time, and the prosecution's forces must be divided.

When Judge Dunn called the Halsey case Attorney McPike complained that the defense had not had sufficient notice. "We are not ready to proceed this morning," he said, "because it was not until Friday that we were informed on what indictment the prosecution intended to proceed. Your Honor said that we should have at least five days' notice."

Judge Dunn did not remember that he had specified any particular time, but held that it was not important, as he could not hear the case today. He fixed the trial for Friday.

## SCHMITZ TO NAME BOARD

**Convicted, Ex-Mayor to Appoint Supervisors as Grafters Resign.**

SAN FRANCISCO, July 29.—Ex-Mayor Eugene E. Schmitz, when seen at the county jail at Ingleside this afternoon, stated that he would probably make known the names of his new appointees for the Board of Supervisors some time tomorrow.

"I have no official knowledge," said Schmitz, "that the present board have sent in their resignations, so I am unwilling to make known the names of the new men until the vacancy actually exists."

Evidently Schmitz is going to make good his threat to contest every point that questions his authority as mayor of the city and county of San Francisco. His former state, he claims, is to office and good and that there is no law which makes it necessary for the mayor to resign until he is actually within the confines of the State prison.

## ITALIAN'S SURRENDER COMES AS SURPRISE

A surprise came today in police circles when Louis Alberti went to headquarters and surrendered in connection with the mysterious shooting of the Italian Boccioni artist at Latin festival under way Sunday night.

The police were not looking for this particular man who surrendered today, as Alberti was not known to be connected with the case. Alberti simply stated he heard he was wanted, hence surrendered.

L. Joseph Tocchella and Louis Norando, friends of Alberti, are this afternoon endeavoring to procure bonds for their friend, bail having been granted in the sum of \$2,000.

## INQUEST IS HELD

SAN JOSE, Cal., July 29.—An inquest was held this morning over the remains of Mrs. Charlotte C. Levy, of San Francisco, who was found dead in bed yesterday morning at the home of Mrs. Clara L. Moore, on Fifth street, near Julian, with a bottle of carbolic acid in her hand. The jury found that Mrs. Levy herself administered the poison, with suicidal intent. The motive appears to have been despondency.

## AGREE TO PERMANENT INTERNATIONAL COURT

THE HAGUE, July 29.—Great Britain and Germany have practically agreed on a proposition regarding the establishment of an international prize court, under the terms of which the tribunal is made permanent and is to have fifteen judges. The United States joins an and six of the great European powers will furnish one judge each, Latin America will supply two and the remaining five will be sent from other countries. The prize court is to include two admirals to represent the belligerents, but to be present in an advisory capacity only. This suggestion was made by Joseph Choate, of the American delegation.

PHILADELPHIA, July 29.—The Iron Molders' Union of America today telegraphed William D. Hayward, congratulating him upon his acquittal.

**STRIKERS OFFER TO RETURN.**  
DULUTH, July 29.—Before tonight the strike of the dock workers in Duluth will be at an end, if the steel corporation accepts the offer of the men to arbitrate, which, however, is doubtful. At a meeting held today the men voted to present a written agreement to the company by which they offer to go back to work.

## SCHMITZ PALE FROM PRISON

**Former Mayor Shows Some Loss of Flesh on Appearance in Court.**

SAN FRANCISCO, July 29.—For the first time in two weeks Eugene E. Schmitz, the convicted mayor, left the county jail today to answer before Superior Judge Dunne the indictment charging him with receiving bribes from the United Railroad and the gas company. With the exception of a little less color in the face and the loss of a few pounds of flesh the former executive is unchanged.

His attorneys agreed with the prosecution that he should go over for another week. Attorney Fairall presented four exceptions on behalf of Schmitz, but the preliminary rulings of the court on the four indicted indictments for extortion.

The charge of conspiracy against Abe Ruef and Chief of Police Dinan and the charge of perjury against Dinan were continued three weeks.

## SOUTHERN RAILROADS ALLEGE PERSECUTION

ASHEVILLE, N. C., July 29.—Superior Court Judge Gulon informed the grand jury today that if the railroad carried out the agreement as to railroad matters which was reached Saturday night he would call them back for further instructions.

Attorneys for the Southern and Atlantic Coast line reached here today, and it is said will file interesting documents concerning the request for a modification of Judge Pritchard's injunction order pursuant to the peace agreement.

The documents will allege that the railroads relinquished what they regard as their constitutional rights under duress because of the hostility of certain newspapers, the pernicious activity of certain politicians and resultant demoralization of their employees.

# Five Believe the Evidence Not Conclusive —Burns Disgusted—New Trial to Come On August 5.

SAN FRANCISCO, July 23.—After forty-seven hours of arduous and conscientious work, and after a full deliberation of all the facts in the case, the jury which tried Vice-President Louis Glass of the Pacific States Telephone Company, charged with bribery of Supervisor C. W. Borton, was dismissed yesterday afternoon by Judge Lawlor. Each member of the jury said in open court that a unanimous verdict by the twelve men was impossible.

The final ballot taken yesterday afternoon showed that seven of the members were for conviction and five for acquittal. This was the same division as existed on the first ballot taken, immediately after leaving the courtroom on Friday night. Several times these numbers were changed, but the final result was the same.

**DISMISSAL NOT EXPECTED.**  
The five who voted for acquittal did not deny that the bribery charges existed. Each of these jurors, however, declined to say that Glass was definitely guilty. The five who voted for conviction were equally divided. The discharge of the jury was hardly expected. It had been assumed that Judge Lawlor would keep the men together at least until Monday so that the last scene in this interesting drama of graft would take place in the auditorium of the Temple Israel.

Judge Lawlor reached the temple at 4 o'clock and went to the main auditorium of the temple. As he seemed of impossible to gain access to the courtroom where the trial had been held with the jury close behind him. The spectators were mostly newspaper men, Attorney T. C. Coogan and representatives of the district attorney's office.

**ADDRESSES FOREMAN.**  
After the formality of polling the jury, Judge Lawlor recited the section of the code making legal the summoning of a jury on Sunday to close a verdict, and then turning to the jury said to Foreman Charles E. Fonda: "Gentlemen of the jury, have you arrived at a verdict?"  
"We have not, your honor."  
"Are you divided on questions of law, or fact?"  
"On questions of fact, your honor."  
Judge Lawlor then recited to the jury a code section relating to their discharge, and the power of a Superior Judge to discharge a jury without a verdict. He then called on each in turn to state whether or not they thought a verdict could be reached by prolonging the deliberation.

**ONE EXCEPTION.**  
With one exception they replied that further deliberation was useless. Michael C. Samuels, "but I do not think any of the others would."  
Judge Lawlor then asked Assistant District Attorney John O'Gara whether or not the people would consent to the discharge of the jury.  
"We are confident," said Mr. O'Gara, "that the jury has done its best, and, being unable to arrive at a unanimous verdict, we have no objection to its discharge."

The same question was put to Attorney Coogan of the defense, after which the judge discharged the jury from further duty.

**NEW TRIAL.**  
Louis Glass was released from the custody of the sheriff until Monday morning, when he was to furnish new bail, and August 5 set as the date of re-trial of the case.

**COOGAN TALKS.**  
Attorney T. C. Coogan, in discussing the result of the trial:  
"Mr. Glass is innocent of the offense with which he is charged. He confidently expected to be acquitted by this jury, and of course is much disappointed at the result. In my judgment the evidence introduced was entirely insufficient to warrant any verdict other than that of acquittal. I expect the result of another trial to be just what this one should have been."

The jury stood as follows:  
**FOR ACQUITTAL.**  
MICHAEL A. SAMUELS, 1138 Stanyan street.  
GEORGE A. KOHN, 209 California street.  
JACOB WERTHEIMER, 2336 Pacific avenue.  
HUGO SCHUESSLER, 4296 Mission street.  
CHARLES E. FONDA, 3725 Sacramento street.  
**FOR CONVICTION.**  
PATRICK LYONS, 1227 Bush street.  
JOSEPH H. ROBINSON, 3973 Nineteenth street.  
JOHN G. NORTH, 123 Third avenue.  
JOHN W. SHIELDS, 2334 California street.  
WILLIAM WARNE, 464 Waller street.  
WILLIAM WALCOM, 2965 Sacramento street.  
JOHN McALLUM, 738 Bryant street.

**BURNS DISGUSTED.**  
William J. Burns was thoroughly disgusted with the way matters turned out. In a short statement he said:  
"This is an absolute surprise to me. The evidence was there and I cannot see where there could have been anything except a conviction. The evidence was absolute, perfect and positive. I never for a moment expected a disagreement. I can only say that this will be fought out and that the prosecution will continue to do its duty until a jury of San Francisco can be found who will vote the conviction that should have been found here."

D. M. Delmas, chief counsel for Louis Glass, refused to comment on the failure of the jury to reach a verdict, although he said, "The evidence was there. Considering its source, the remark neither needs nor deserves a reply."

**SEVEN MEMBERS OF THE JURY** who voted for conviction talked freely of the case. Their statements are as follows:  
Patrick Lyons: "The evidence in my mind was complete. I don't think that I bear any prejudice one way or the other. The money evidence was passed, and in my mind, Glass was responsible for its passing."  
Joseph H. Robinson: "I was strong for a conviction from the time we were instructed by the court. With due respect to the men who voted the defendant not guilty, the evidence, in my opinion, was sufficient to show that he was guilty."  
John G. North: "While I was voting for an acquittal pointed out that E. J. Zimmer could have been responsible for the bribe which Borton took. I received, nevertheless, I think, from the evidence, that Glass was the guilty person."

John W. Shields: "I dislike to discuss the reasons for my vote. I don't mind saying, however, that I voted 'guilty' and that unless new evidence were adduced I would not change my mind."  
**BELIEVED IT WAS GLASS.**  
William Warne: "The evidence was given; the evidence proved that conclusively. Either Glass or Zimmer must have been responsible for the payment of the bribe. Glass was acting president. I have no prejudice one way or the other, and the evidence tended to show that Glass was the guilty man."  
William Walcom: "I was firm all the way through. For conviction. I think that the evidence produced was amply sufficient to show that Glass bribed Borton."

John McAllum: "There was no doubt in my mind that a bribe was paid and the prosecution showed to my satisfaction that Glass had arranged to have it paid."

I voted strictly on the evidence. I am strongly against graft in any case, but I felt that the evidence as produced did not attach guilt to the defendant any more than it did to other officials of the telephone company. I did not change my mind once.

George Kohn: "While I believed that graft and bribery had been committed, nevertheless, I could not see where Louis Glass had been shown to be guilty of either. Eaton's testimony showed rather that Glass might not have bribed Borton and I gave him the benefit of the doubt."

Michael Samuels: "I voted not guilty. I am not ashamed for any one to know either. I felt that Glass might not have had any knowledge that money was to be passed and I voted that way."

Jacob Wertheimer: "I did not think that the defendant had been shown to have authorized the bribe."  
Hugo Schuessler: "Some one ordered \$5000 paid to Dr. Borton. I was sure of that. I reasoned that it was either Zimmer or Glass. Zimmer's refusal to testify made me suspect him and I gave Glass the benefit of the doubt."

**FOREMAN TELLS WHY.**  
Foreman Charles E. Fonda, speaking of the verdict, said:  
"I voted not guilty. It was simply a question of whether Glass paid over this money as charged. Five of us did not believe that the prosecution produced sufficiently convincing evidence to find the crime charged by the evidence. A reasonable doubt in our minds that perhaps Glass was not guilty. Our deliberations had to do largely with the testimony of Kings, Eaton, Scott, Pillsbury and Steals."

**CREW BLOWN FROM ENGINE**  
Freight Cars Pile Up in Ditch When Locomotive Explodes On Its Run.  
(Continued From Page One.)  
Saying several were injured, but beyond the two named and none were hurt.

**CREW BLOWN OUT.**  
When the locomotive exploded the force was both ways, part of it going into the cab and throwing the engine crew out of the windows. The boiler head was broken and torn and the fire box wrecked. The sudden applying of the air brake to the train caused three cars in the rear to "buckle," two being thrown from the track, landing in the ditch, and another one was telescoped by a heavy iron frame car loaded with iron over pipe. St. P. box car 85213 jumped clear of the grade, landing on its top in the ditch. St. Louis and San Francisco Ry. car 120736 was jammed into this and laid on its side. The Chicago and Eastern Illinois Gondola, loaded with iron, plowed its way quarter way through St. P. car 85669. All of these were loaded.

**TANK CAR JUMPS TRACK.**  
Following the locomotive were ten tank cars, all fully loaded with crude oil. Four of these jumped the track, tearing it up for a distance of twenty rail lengths. Soon after the wreck was reported Railroad Policeman Peter Bracken arrived at the scene. A crowd was on hand and Bracken began threatening demon-

strations against those present. He threatened, it is said, to shoot the train conductor, who asked Policeman Davis to "great Bracken." Previous to this Bracken had drawn his revolver on A. C. Jacobson, the ambulance driver, threatening to "blow his head off," but was soon disarmed. Bracken was sent to the station, where he was quieted and let go. He says he was beside himself on account of loss of sleep.

Daniel Denahy, night watchman in the county treasurer's office, returned Saturday from a six weeks' trip to the southern part of the State, visiting Los Angeles, Santa Barbara, Palmdale Springs and many other summer resorts. Among the party with which he spent much of his time automobiling and pleasure seeking were M. Friedman, H. May and E. Murphy.

**MUST SUPPORT WIFE OR GO TO PRISON**  
Grant Nelson, a negro hod-carrier, was before Police Judge Samuels this morning on a charge of failing to provide for his invalid wife. The latter testified that for several months past Nelson had contributed only an occasional dollar to his support. Becoming destitute by his desertion, she last Wednesday concluded that her only resort was the county poor farm. However, some kind friends cared for her.

Judge Samuels read the able-bodied Nelson a lecture and directed him to provide Mrs. Nelson \$20 a month. A jail sentence was held in abeyance until August 23 to give Nelson a chance to make good.

Mrs. Nelson, a frail little woman, had to be assisted in and out of court by friends, owing to her physical weakness.

**FINES FREIGHT CAR THIEF.**  
Because John Antonio, a Southern Pacific employe at the freight sheds, Fifth and Kirkham streets, stole three packages of tobacco from a box car, he was fined \$20 in Police Court No. 2 this morning. Judge Samuels has given him an alternative of ten days in the city prison.

**FINDS WATCH.**

# DEPOSITIONS FROM SWEDEN Murderer Now Fights Gallows On Plea of Insanity.

Erland H. Soderberg's murder trial was set this morning by Judge Ellsworth for September 30, when the young Swede, who was charged with the murder of a woman, will make a battle to escape the gallows. The same day he was enroute to until his friends convinced him that he had a chance for his life by pleading insanity to the terrible butchery of his mother.

Attorney J. T. Allen this morning said that the foreign depositions had arrived and would be ready for production by the latter part of September. They will tend to show that Soderberg's father died in an insane asylum and that many of his relatives in the old country are demented.

Soderberg has already made a full confession of the murder of his mother, Mrs. Martha Segrud Soderberg, whom he hacked to pieces with a butcher knife and hid away in a closet, where she was found by the police. Soderberg was arrested the next day by neighbors. Soderberg went to work as usual, but was arrested

# LOSS \$1,000,000 Waves of Flames Sweep Over New York City, With Awful Res It.

became clogged with frightened people. The house was filled with dense smoke and the flames rushing upstairs, drove the half-braced people toward the roof. The flames killed nearly as they were about to be rescued from the roof, while others were overcome by smoke. There were many heroic rescues by firemen.

The bodies of the dead were found in many places. Four women were discovered dead in a closet where they had rushed to escape the flames, which found them out. The body of a woman was found lying over a child, as though she had tried to protect it from the flames.

**STRUCK WHILE ESCAPING.**  
Five bodies were found crowded around one doorway, upon the top floor, showing that they had been struck down while trying to escape.

The fire wave first struck Coney Island yesterday and before it subsided Steeplechase park, a score of hotels and many amusement attractions were in ruins.

The next fire was the steamship fire. Then came the Chrysler street fire and next the Long Beach hotel was destroyed.

The 300 guests were all in their beds when the flames were discovered, but all left the building in safety.

**TAYLOR TO SEAT HIS NEW BOARD**  
(Continued From Page One.)  
Mayor Taylor. As fast as resignations are secured, Mayor Taylor will name successors. Just what will be done in the case of the five supervisors who refuse to resign, is not known.

The only method of reaching them apparently is through District Attorney Langdon. There was to have been a preliminary meeting of the old board this morning. Supervisors Mamlich, Walsh, Sanderson and two others were to be the board members and waiter for the appearance of Gallagher. He did not appear. Each one of them expected some sort of a request for a resignation, but up to noon they had heard nothing.

Mayor Taylor kept himself secluded all the morning and would not make any statement as to his plans. Secretary McKenna admitted that the mayor would probably preside this afternoon. That an attempt would be made to seat the entire new board.

**SAYS WOMAN ROBBED HIM.**  
SAN FRANCISCO, July 23.—Thirter Partee reported to the police at the north end station this morning that while he was asleep in his cottage at Point Lobos Square, a woman by the name of May Doell, slipped into his room and abstracted a purse containing \$35 from his trouser pocket.

Doelman, A. J. Rumlinger later arrested the woman and booked her on a charge of grand larceny.

# FOUND DEAD; THROAT CUT

ALAMEDA, July 29.—Despondent because of ill health, Ralph Paul, a carpenter, aged 46, committed suicide yesterday morning. It was not until last night that his body was found.

Paul, who was married, and whose wife carried on a small business, was found in their room at a lodging-house on Park street, near Buena Vista avenue, she found her husband dead, a long gash extending across his throat where he had been cut with a razor, still held tightly in his hand.

Four months ago Paul suffered a broken leg. It failed to heal as time went on and he went to the county infirmary.

Saturday night his wife spent with relatives and did not come to the county infirmary to see her husband. When she arrived there she was informed that her husband had died.

She went to the hotel and found him dead, and then she told the story told by the woman, saying that she had been in Oakland by a justice of the peace.

She said that she met him at the infirmary and they decided to leave.

The woman is about 30 years of age. She is married and has a child.

At night and an inquest is to be held. The man had lived to death twelve hours before he was found.

The body was taken to the morgue officials. Little is known of the man's life.

**SAYS DOUBLE STARS  
OFTEN GIVE TROUBLE**

**BIRKBELEY, July 29.**—Duplicity on the part of "double stars" in the firmament has been one of Professor W. J. Hussey's troubles at the Lick Observatory, according to a bulletin just issued by the university press. Dr. Hussey is one of the Detroit observatory staff at Ann Arbor, Mich. He took many observations of "double stars" at the Lick Observatory last year. Describing how double stars have fooled him and evinced apparent duplicity Dr. Hussey says in his bulletin:

"So many different double stars are included in this catalogue that I may, perhaps, be pardoned for calling attention to an experience in connection with some of

them. It was my custom to search for new pairs, and, whenever practicable, to make the first measures of them on the best nights. In this way some pairs were

round which could be seen double only under the most favorable circumstances. Some pairs have given me much trouble. It would sometimes happen that a star would be measured at the time of discovery and afterward be examined repeatedly on good nights without showing any indication of duplicity.

"This experience was so persistent for a few of the stars that it sometimes almost seemed that the original observations must be at fault. Such stars were kept in mind and examined again later."

kept in mind and examined when nights of really excellent seeing came. Confidence was then generally restored, duplicity became apparent, and measures were obtained again, often without particular difficulty.

TO HAVE STRICT LAW  
REGULATING DAIRIES

BERKELEY, July 29.—At tonight's special meeting of the town board of trustees an ordinance regulating the sale of milk in Berkeley will be considered. This ordinance is along lines presented by Health Officer Dr. J. J. Benton, and its

"All dairies must be required to pay a license; all milch cows will be examined by a veterinary surgeon to determine

whether they are afflicted with germs of tuberculosis; dairies will be subjected to inspection by the health officer and his staff at all times and the quality of the milk must be above three per cent fine as regards butter fat."

WHEEL FALLS OFF JUST  
AS AUTOMOBILE STOPS  
ALAMEDA, July 22. — William Ham-

mond, the president of the local Real Estate exchange, and a party of friends, had a narrow escape from a serious accident last night while automobiling on the county road. As the machine was

speeding along at a good rate, one of the men in the tonneau noticed that one of the rear wheels was wobbling. He called the attention of Hammond to the

fact, and the real estate dealer brought the machine to a stop just as the wheel came off. Had the wheel fallen off while the machine was traveling at a good rate there would undoubtedly have been fatalities.

## The Haywood Verdict.

The verdict of acquittal in the Haywood case will not be conclusive in the minds of a great number of people, but it was certainly justified by the rules of evidence. It is a principle embedded in American and English law that a person accused of crime is entitled to the benefit of every reasonable doubt. It can hardly be denied that there is a reasonable doubt of Haywood's guilt. To send a man to the gallows on the strength of presumptions and inferences would be to reverse the theory of our criminal jurisprudence. It would deprive an accused person of the presumption of innocence to which the law expressly declares he is entitled.

No credit could be given to Orchard's testimony by itself. It would be a monstrous perversion of justice to convict any one on the testimony of so abandoned and ruthless a criminal as Orchard confessed himself to be. Common sense joins with the law in rejecting the evidence of a man who has led a life of crime for many years. The simple denial of an accused should outweigh the unsupported testimony of a man who has committed a score of murders and who is guilty of arson, larceny, burglary, bigamy and forgery, and who, moreover, testifies visibly under fear or compulsion. It is true the crimes testified to by Orchard were committed, but Haywood's connection or guilty knowledge of them was not established. The charge fell to the ground because neither actual complicity nor guilty knowledge was clearly established. Hence the verdict was in strict accordance with law. Rightly construed it means that the State did not affirmatively prove Haywood guilty. The chain of evidence had several missing links which could only be supplied by presumptions and inferences unless full credence against rebutting evidence were given Orchard's testimony.

It cannot be asserted that the defendant was not tried vigorously or that he was unduly favored in the court rulings and the selection of a jury. Both sides agree in saying Judge Wood was fair and impartial, adhering strictly to the letter and spirit of the law throughout. His demeanor was not prejudicial to the defendant nor was his manner derogatory to the attorneys for the defense. He presided with such dignity and courtesy and balanced the scales of justice so nicely that he emerges from a long, heated and wearing trial, in which political feeling, passion and class prejudice were strenuously manifest, with the commendations of all concerned—defendant, attorneys, jury and witnesses. His example is worthy of emulation. While the defense was able, skillful and brilliant, the prosecution was no less able and brilliant. Senator Borah and Mr. Hawley were excellent matches for Darrow and Richardson, and the local atmosphere was hostile to the defense. It cannot be said that any artificial circumstances interfered with the course of justice or hampered the prosecution. Therefore the verdict of acquittal must be accepted at its face, however much moral doubt it may leave.

The failure of the Manchurian wheat crop ought to serve as a windfall to California wheat growers through the opening there of a good market for California flour.

## Assessment of Property.

On Saturday the Board of Supervisors closed its work as a County Board of Equalization. With a few minor exceptions, the Board sustained the County Assessor's figures, although in many instances material changes were made in them as compared with the figures of the assessment roll of last year. Indeed, the County Equalizers bore testimony to the fairness with which Assessor Dalton had done his work.

Big raises in the assessed valuations of property throughout the county, particularly in the bay shore cities and their suburbs, were to be expected this year. The large advance made in realty values within the past fifteen months justified a corresponding increase in the assessed valuation for taxable purposes. There ought not to have been a solitary kick from any source against the taxable increase, and the Supervisors showed good sense and sound judgment in turning down the kickers.

In the past, low assessments have had a damaging influence on much of the realty in Oakland when sales were being negotiated. Prospective buyers have been influenced to a large degree by the figures in the county assessment rolls, which they invariably consulted. Moreover, the borrowing of money on really gilt-edged property has been seriously handicapped by an undervaluation on the roll, for which the owner has been more responsible than the assessor. And usually an objector to a fair assessment is standing in the light of one who is foolishly depreciating the market value of his own property.

In the light of the big increase which has taken place within the past twelvemonth in realty values, no one can justly complain of an increased assessment this year, for that is an official recognition of the fact that the advance in the market values of property is genuine and not fictitious. The average property-owner will cheerfully recognize this and pay his increased taxes with a sense of satisfaction that he is, after all, the real gainer by that which has produced the increase.

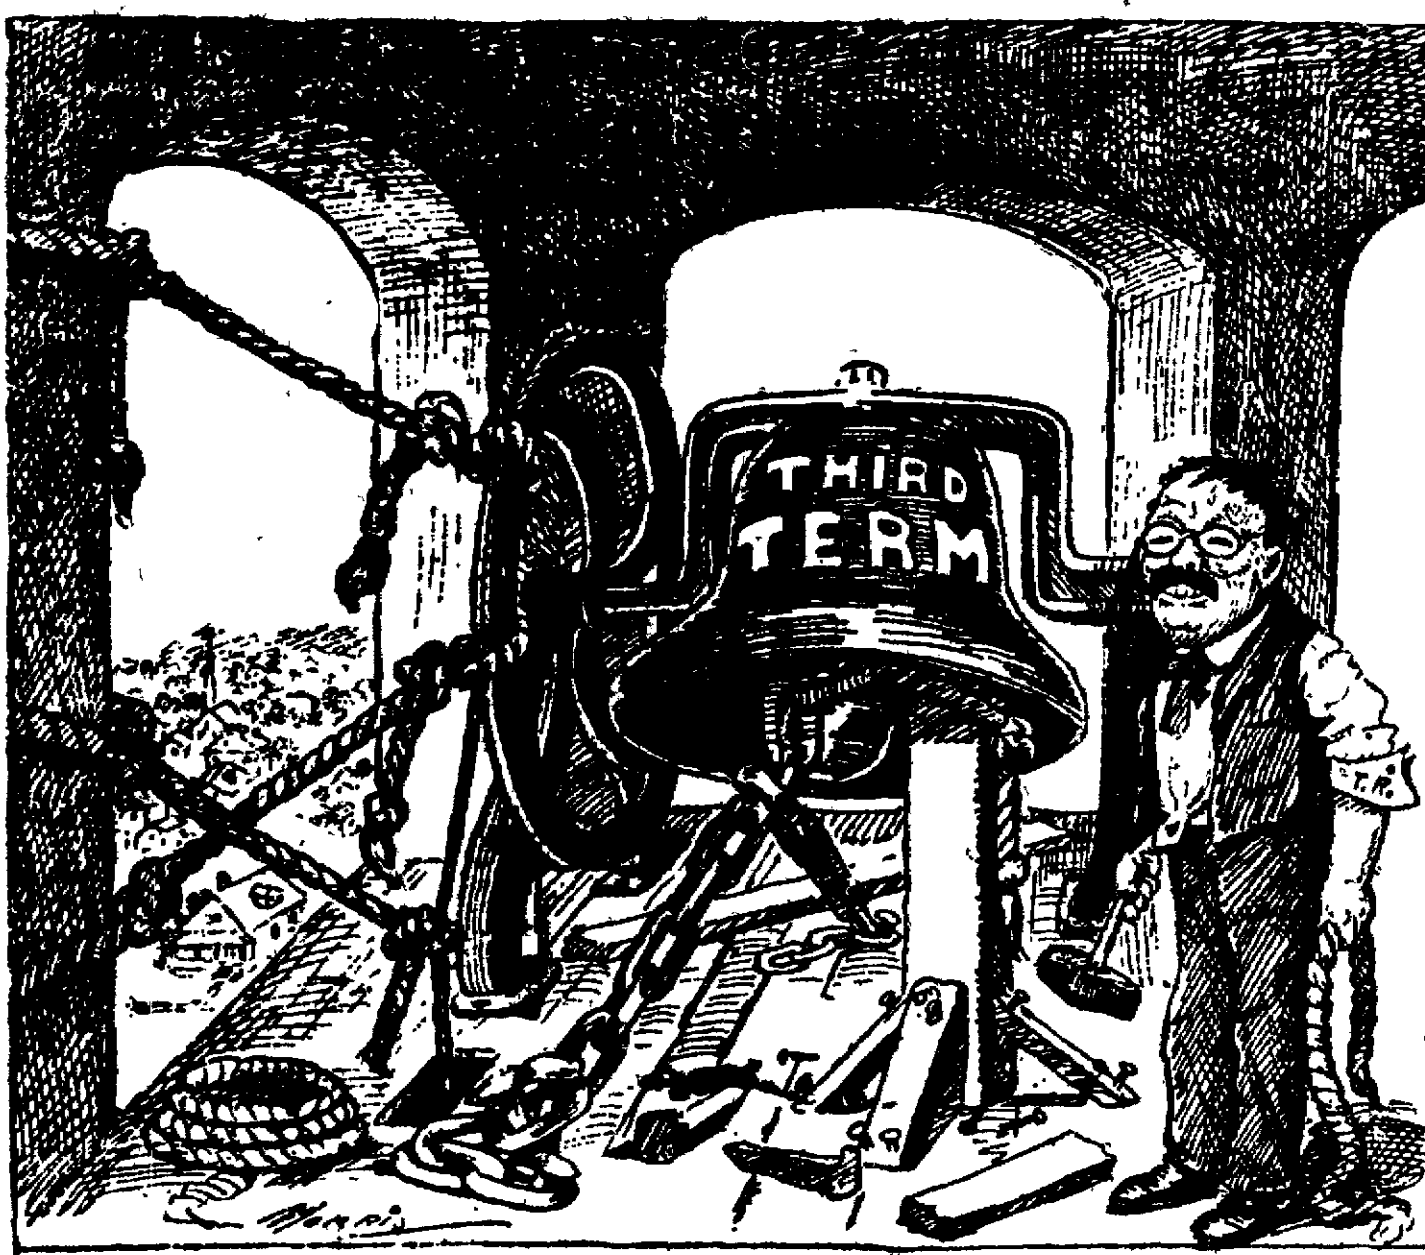

The disagreement of the jury in the Louis Glass trial knocks out the uncertain process of elimination upon which the prosecution relied to prove its charges against the defendant.

Earthquakes have not been respecters of locality during recent years. The latest seismic disturbance was recorded yesterday in the region of Puget Sound and Vancouver island, from which phenomena it has hitherto been exempt.

## Is Castro Looking for Trouble?

It is quite possible that in rejecting for the second time the proposition of the United States to arbitrate the claims of certain American citizens and corporations against the Venezuela government, that President Castro is inviting trouble for himself and his country. It is understood that he is taking advantage of the fact that in The Hague Peace Conference the United States is an ardent advocate of the Drago doctrine, which denies the right of a country to collect by force debts due by another to the citizens of the country in question, presuming that he may continue to repudiate the American claims without fear of any demonstration of armed force being made to compel a settlement. The position taken by the United States delegates to the peace conference is against armed force being used until after arbitration or any other fair means of settlement has been refused. In the event of such a refusal, the American delegates hold that the employment of force to collect a legitimate debt is justified, and Castro may ultimately discover that to be the fact to his own confusion.

## ROCKFELLER SECRET DOING GOOD TO OTHERS

CLEVELAND, Ohio, July 29.—John D. Rockefeller told members of the Sunday School of the Euclid Avenue Baptist Church yesterday that the great secret of success is "to get away from the butterfly pursuits of life and devote yourself to doing good to those around you." It was his last address to the Sunday School in nearly a year, although he attended church on the last three Sundays.

"How long do you think it has been since I joined Sunday School?" Rockefeller asked a little boy in a back seat.

"Fifty-three years," responded the lad, evidently well informed as to his questioner's life.

"It will be fifty-four years next September since I came into Sunday School," said Rockefeller. "I was fourteen years of age and I consider that event the most important of my life. An old lady came to me one day and asked if I belonged to Sunday School. I told her I belonged to the Baptist. She was a Presbyterian and did not have much use for Baptists, but she told me to stick to it, and I always have."

## WEDDINGS IN SECRET ENDED

New York's New Law Demands That Five Day's Notice Must Be Given

NEW YORK, July 29.—Governor Hughes has signed the marriage license bill which was passed by the Legislature in the closing days of the session, and the new law is hailed with satisfaction. It goes into effect at the expiration of thirty days.

The Tribune says concerning it: "At last New York State is to be rid of secret marriages and their attendant evils. In signing the Cobb marriage license bill, Governor Hughes has taken a final step in long-delayed legislation against young fools and old scoundrels. Juvenile elopers and battle-scarred divorcees in this State have always been able to find some unscrupulous man to help out their plans."

The Telegraph makes the following remarks: "The private restaurant dining-room as a Gretna Green will never more be popular in New York. A person cannot be ordered between the courses like an extra bottle of wine or a hansom cab, and it is well."

Other papers also express gratification and mention Rev. Henry Marsh Warren's exploit in the matrimonial line. The bill provides that five days' notice must be given by applicants before a marriage license can be issued.

## FILIPINOS TAKE MILD INTEREST IN ELECTION

MANILA, July 2.—Unusual quiet reigns throughout these islands over the general election. Mass meetings were held in Manila Saturday by all parties, but aroused little enthusiasm. The native papers are exhorting the people to go to the polls. Election day will be declared a public holiday.

The political situation is practically unchanged, and all parties are confident that there will be renewed activity among the leaders in the last days of the campaign, but so far little interest has been evinced by the people. The campaign is being conducted on strictly modern methods.

## COFFEE TARIFF IS DIPLOMATIC QUESTION

PARIS, July 29.—What has been characterized as the obstacle in the way of the continuation of negotiations between France and the United States in regard to the tariff has been removed, for France has notified the United States that it has extended from August 1, to October 1, the decree providing for the collection of the minimum duty on coffee brought in from Porto Rico.

France makes clear that she considers this extension purely an act of courtesy and good will, and an evidence of her hope that further negotiations will bring amicable results.

## VANISH WHILE WITH FATHER

Three Boys Mysteriously Drop From Sight While on Street With Parent.

Investigation is being made by the police into the mysterious disappearance of the three sons of John Tash of 214 Tenth street, who vanished Saturday morning. The boys—John aged 14 years; James 9 years, and Daniel 8 years old—were talking with their father at Broadway and Twelfth street and a moment later when Tash returned to look for them they had disappeared. When they failed to return home that night search was made for them, without result, and yesterday morning their disappearance was reported to the police.

Mrs. M. L. Joseph, whose home is in Clinton avenue, has asked the police to aid in locating her sister, Miss Anna Silveira, who has been missing since July 25. Mrs. Joseph is unable to give any reason for the disappearance of her sister.

G. E. Bitterlin reports that William Esser, 23 years of age, has been missing for several days. Esser, before his disappearance, lived at the Bitterlin home at 314 Twentieth street.

## HE WILL REPORT FOR AMERICAN BANKER

EDITOR TRIBUNE, Oakland, Cal.—Dear Sir: "The American Banker" of New York, probably the most influential paper of its kind in America, has recently arranged to have me act as its correspondent in Alameda county. I am a weekly news letter of banking terms of interest filling some two columns will give Oakland an opportunity that should not be lightly cast aside. Having handled every possible detail that falls to the lot of a newspaper man on a metropolitan daily, such as having been my experience on the Los Angeles Herald for four years, the publishers of "The American Banker" are expecting letters of more than ordinary interest. This, however, it will be difficult to comply with unless I am given the fullest support from local bankers. I myself am anxious to make such a showing as will make Alameda county the most interesting and newest of all their correspondence. The fact that we have never had similar representation before is a blot upon our fair escutcheon, and with the opportunity at hand to put our banking facilities in front of the entire financial world of this continent without any expense I think local bankers will see the wisdom of co-operating with the paper's correspondent.

If you can, in an early issue of THE TRIBUNE, make some mention of this matter, stating that I shall appreciate greatly being informed of any items of interest to the banking world, and shall see that any news so given will receive due publicity in "The American Banker," you will be helping all and injuring none. All communications should be addressed to me in care of the Central Bank of Oakland, where I am receiving letters.

Thanking you in advance for whatever you may be able to do in this matter, I am Very truly yours,

KENNETH A. MILLICAN, Care of Central Bank, Oakland, Cal.

Disraeli: Apologies only account for that which they do not alter.

In Germany every railroad wreck is investigated by the government and invariably some one is held responsible and punished. The system would raise a stir in the United States, where the collisions and derailments, according to interstate commerce figures average over 1200 a month.

A will dated 1746 and deposited in the Bank of England has just been discovered in that establishment. The testator left his property—worth \$25,000—to a family named Windel, living in Fuerstenburg, a village near Baden. During all fifty years the will was forgotten the money has been increasing at compound interest and the sum is now 7 1/2 million dollars. People at Fuerstenburg bearing the name of Windel have heard of the matter and have sent agents to London with papers that, they contend, show their descent from the Windel family named in the will.

Captain Amundsen, having lost several dogs in his expedition to the Arctic regions, told some of the Netchilla tribe that he would purchase one from them. The suggestion caused consternation and was promptly refused. An explanation was demanded. The man applied to returned next day with a chubby, laughing boy on his back. "Such we do not sell," he said. Amundsen was astonished. "You wished to purchase one," said the man, seeing Amundsen's perplexity. Finally it was discovered that the Greenlandic term for "dog" was equivalent to "child" in the Netchilla language.

"Cow's milk so modified as to make it resemble as nearly as possible human milk."

## CULTIVATE REPOSE WHEN AT TABLE AS DINNER GUEST

### Flourishing Spoons and Forks and Eating Asparagus With Fingers Some Things Forbidden.

Never take your seat until the lady of the house is seated.

Never lounge on the table with your elbows, nor tip backward in your chair.

Never play with your knives, forks or spoons, but cultivate repose at the table. It is an aid to digestion.

Never tuck your napkin into your vest, pocket or collar. It is unfolded once and held across the knees without a flourish.

After the meal, at a restaurant or formal dinner, lay it unfolded at your place. If you are a time guest in the household, it will remain another meal, you may hold the napkin in its original creases.

Never put the end of a spoon into your mouth. Slip everything from the side of the spoon and do this noiselessly.

Never put your knife in your mouth nor use a spoon when a fork will serve. Forks are now used for eating ice cream, and salad is folded or cut with the side of a fork, never with the knife. Even small vegetables like peas are eaten with a fork.

NO FLOURISHING KNIFE.

Never hold your knife and fork up in the air when your host is serving you. Lay them on one side of the plate when you send it to the host by servant or your neighbor at table.

Never leave your spoon in coffee or tea. Lay it on the saucer.

Never cool food by blowing upon it. Wait until it becomes cool enough to eat.

Never take a second helping at a large

and formal dinner. You will find yourself eating alone.

Never make yourself conspicuous in any way, by aiding the host or hostess in serving, unless especially asked to do so, or in passing dishes when servants are provided for that purpose.

Never push back your plate and finger crumbs at the end of the meal. It indicates undue haste.

Remember that—

Large pieces of bread or cracker are broken into smaller pieces before being buttered and carried to the mouth.

Cake may be broken and eaten like bread or crackers or it may be eaten with a fork.

WHEN TO USE FINGERS.

Celery, olives, radishes, salted nuts, bonbons, preserved ginger and other trifles are eaten from the fingers, but berries, melons and grape fruit must be eaten with a spoon. Orange juice may be pressed out with a spoon, bananas are generally eaten with a fork, peaches, apples and pears are peeled, quartered and cut into small pieces and then picked up with the fingers.

Grapes and small plums are eaten from the fingers and the stones or skins taken into the hand and carried to the plate, never dropped from the lips. Prune seeds are best pressed out with the spoon before the fruit is eaten and then laid to one side on the plate.

The tender asparagus tips must be cut off with a fork and the remainder of the stalk goes to waste.

A WEDDING.

The marriage of Alphonse Marre of this city and Miss Frances Cassanelli of Amador County was celebrated Wednesday evening, July 17, at the home of the bride's parents, Mr. and Mrs. L. Cassanelli, at Volcano, Amador County.

The bride wore a pretty gown of white mohair and carried white carnations. There were present at the wedding: Mr. and Mrs. Henry Marre, Mr. and Mrs. S. N. Spagnoli, Joseph, Charles and August Marre, Mr. and Mrs. G. B. Gallagher and daughters, Misses Rae, Genevieve, Gladys and John Gallagher, Dr. E. O. Fisher, Mr. and Mrs. L. Cassanelli, Mrs. A. Dillon and daughters, Misses Tessie and Eloise of San Francisco, Miss Claire and Theresa Cassanelli, Charles Cassanelli, P. Cassanelli, Mr. and Mrs. D. B. Spagnoli, Urbano G. D. Spagnoli.

But from this train of experience the soldier, who later was able to brilliantly plan a campaign, doubtless learned wisdom. He must at least have found out how not to do it, for when he laid siege to the heart of the widow Cusis it was done with a master hand that found the right way as easily as if it had never failed at the trick.

MRS. OLIVE REED CUSHMAN, WHO WILL ENTERTAIN AT A MUSICAL AND INFORMAL TEA.

## ORIGINAL FLORAL EFFECTS AT WEDDINGS APPRECIATED

### Bridesmaids May Carry Enamelled White Wands Decorated With Any Flower Desired—London Schemes.

Novelty in connection with the floral accessories of a wedding is always appreciated and particularly at this season when the variety of blossoms at the command of the bride and decorator is sufficient to admit the carrying out of the most artistic and effective schemes.

At a recent fashionable wedding in London, some exceptionally pretty color schemes were noticed in the bridal bouquets. One extremely tastefully designed scheme consisted of bouquets of blue hyacinths, tied with knots of brown tulle; then, again, posies of red ranunculus and ears of barley, fastened with large Empire bows of red ribbon, were most effective combined with the splashes of red provided by the bridesmaids' hats, sashes and red shoes and stockings, whilst one of the wedding guests carried a very handsome bouquet of deep red anemones, with a knot of blue-grey tulle in the center.

At another wedding the bridesmaids' bouquets were made of knots of chiffon of different shades of peacock blue among beautiful pale yellow Perle roses and lilies of the valley, the true lovers' knots being made of intermingling twists of the palest and palest shades of blue, to match the hats and the Empire sashes.

worn on the most exquisitely dainty white frocks. The bride's beautiful cascade bouquet consisted solely of a fall of the lanceolatum lilies and asparagus fern, springing from a rich background of white satin bows.

CONTRAST APPRECIATED.

A deservedly favorite style of wedding bouquet is arranged so that every individual blossom is seen to the best advantage, of very fine shaded pink carnations and fern fronds tied with broad satin ribbon of a soft pink shade. A contrast in the color of the ribbon is often appreciated and a pretty Parisian notion is to combine mauve ribbon of a decided hue with pink blossoms. Pinks, violets in rich clusters are sometimes used with excellent effect, in conjunction with pink carnations or roses, in which case, however, the latter flowers are of one shade only—dark pink.

A change from the more usual bouquet is sometimes achieved by providing the bridesmaids with floral wands or staffs. The staffs being enamelled white, any suitable flower looks well with them.

One pretty effect showed pink and red roses tied in a bunch, their stalks being allowed to show, with a large Empire bow of pink ribbon. A bow of silver gauze or ribbon is also very effective with the white enamelled staff.

# \$25,000 BAIL TO FREE MOYER FROM HIS PRISON

## Oppose Pettibone's Release—Undesirable Citizens' Comment Censured by British Press.

BOISE, Idaho, July 29.—Charles H. Moyer, president of the Western Federation of Miners and co-defendant with William D. Haywood, who on yesterday was acquitted of the murder of former Governor Steunenberg, will be admitted to bail in the sum of \$25,000 and released this afternoon.

An agreement to this end was reached this morning between counsel for the state and defense, but the making of the formal application and entry was postponed from 10 a. m. at which hour court re-convened today, until 2 p. m.

The delay was asked for to allow further conferences between counsel as to what action shall be taken in the case of George A. Pettibone, the third of the noted defendants brought from Colorado to Idaho eighteen months ago.

TO OPPOSE BAIL.

It is understood that the attorneys for the state will oppose bail for Pettibone in any sum whatever. Judge Wood announced that he would not adjourn court for the term until tomorrow night and any order agreed on by the attorneys might be entered up to that time.

The big court-room today presented a far different picture from the closing days of the Haywood trial. The jury box and all the spectators' benches were empty and only a handful of attorneys sat within the rail. None of the defendants was in court. Boise continued to quietly discuss the verdict and most of the people are taking little interest as to the future course of the prosecution.

**BRYAN CRITICISES HAYWOOD 'KIDNAPING.'**

CHICAGO, July 29.—In a special to the Tribune from Peoria, Ill., William J. Bryan is quoted on the verdict at Boise, Idaho, as follows:

"I am glad to learn of the verdict, and that it was not guilty. I watched the trial and did not see how anyone could be found guilty on the testimony. Every crime he charged was one he himself suggested, and it was shown he was in communication with the mine owners and attempting to induce the defendant to engage in crime. The manner in which the prisoners were taken from Colorado was hardly in keeping with a fair prosecution."

**DARK OUTLOOK HERE, SAYS BRITISH PAPER.**

LONDON, July 29.—Commenting upon the result of the trial of William D. Haywood at Boise, the British press today says:

"The state of society revealed by the trial is more terrible than any civil war, because it is more treacherous and is likely to be more lasting. From beginning to end it reveals a condition of brutal rapacity, a condition that gives America's boasted civilization a very dubious look."

The Daily News says:

"From the outset the question has been complicated by the fierce prejudices of a kind of smoldering class war, a whole movement both in the relations of the trial and its accompaniments in pub-

lic excitement has illustrated the insecurity of authority in America and the profoundest lawlessness concerning the identity of law and justice."

Both articles refer to President Roosevelt's "undesirable citizen" statement. The News calls it "one of his frequent public indiscretions" and the Chronicle predicts that it will cost him dear.

**NATIONAL SOCIALIST SECRETARY WIRES**

CHICAGO, July 29.—National Secretary of the Socialist Party J. Mahlon Barnes last night sent the following telegram to William D. Haywood, who was yesterday set free at Boise, Idaho:

"Greetings and congratulations. Your vindication brings inexpressible joy to your comrades and fellow workers everywhere. The verdict is a complete rout for the conspirators and a signal victory for the working classes. Greetings to your companions, the 'undesirable citizens,' Moyer and Pettibone. The day that Haywood would go to Duluth for the purpose of taking charge of the strike of the Los Angeles miners, many of whom are members of the Western Federation of Miners."

**DUBS PRESIDENT AS UNDESIRABLE CITIZEN**

NEW YORK, July 29.—"President Roosevelt, not William D. Haywood, is now the 'undesirable citizen'." So said Alexander Jones, Socialist leader and editor of the Colfax, N. Y., News, when asked how he regarded the acquittal of Haywood.

The reply of Jones was perhaps the most pronounced of many opinions by local Socialists and organized labor leaders, but jubilation was the keynote of them all. James Oppenheimer, the organizer of the Moyer-Haywood conference, in speaking at the meeting of the Central Federated Union in which Socialist and non-Socialist unions are represented, said:

"I have been a great many years in the labor movement, and in all my memory this is the first time that the working class has excited itself in the same way as it has done in behalf of these men," meaning Haywood, Moyer and Pettibone. Efforts will be made to persuade Haywood to come here next week to attend a Socialist parade and mass meeting in his honor to be held in Madison Square Gardens. It is expected that 50,000 persons will be in the parade.

The New York Socialist claim to have been the first to come to the financial aid of Haywood, Moyer and Pettibone. They contributed \$5,000 of the fund of \$100,000 raised for the defense.

**MINERS SEND SPECIAL TRAIN FOR HAYWOOD**

DENVER, Col., July 29.—"We will hire from the Union Pacific Railway the same special train in which Bill Haywood was taken to Boise after being kidnapped, and in this train we will bring him back to Denver," declared James Kirwan, acting secretary and treasurer of the Western Federation of Miners, today. "This great victory for the good name of the Federation will be followed by the immediate engagement of enough organizers to double the membership of the Western Federation of Miners in the next few months. We will not have any more secret meetings of the various local unions, because there is nothing to hide. Then there will be no work for the detectives who have been getting money from the mine owners to spy upon our meetings."

**RESENTS AN ORDER TO LEAVE GUATEMALA**

GUATEMALA CITY, July 29.—An American named Wilkinson, who was among those arrested for the recent attempt on the life of President Cabrera, but who was released after proving his innocence and departed from the country, returned two weeks ago, finding the absence of two months. Shortly after his return Wilkinson was summoned to the Foreign Office and was ordered to leave the republic. Thereupon he made a statement to the American consul-general demanding that the Guatemalan government recall the order, for, according to the law, foreigners cannot be expelled without due process if they have resided here for five years.

Wilkinson has been engaged in building railroads in Guatemala for the last ten years.

**AUTOMOBILISTS PAY FOR TOO MUCH SPEED**

George G. Davis, a real estate agent with offices at 1052 Broadway, was arrested yesterday afternoon at the corner of Ninth avenue and East Twelfth street for speeding. He was fined \$20 and posted \$10 bail, which he forfeited in the police court today.

W. R. Heyneman, a merchant, arrested at 7 o'clock last night on the Oakland mole for like offense, was fined \$20 and C. B. Lastratto, caught speeding his auto at Ninth avenue and East Twelfth street, forfeited \$10.

Clyde Simmons, a foreman, and V. V. Newell, a carpenter, were fined \$4 each for not having proper horns on their autos.

**PROPOSE SECTARIAN CONTROL OF SCHOOLS**

VALPARAISO, Chile, July 29.—There is considerable public agitation because of the attempts of the Clerical party, assisted by the Liberal Democrats in the senate, to pass a bill delivering the direction of State education to political and sectarian parties. The bill generally, fearing the return of Catholic supremacy in the schools, are opposed to the measure. Meetings of protest are being held everywhere and several street demonstrations have been suppressed by the police.

**CONDUCTOR JAILED AS ROBBER SUSPECT**

James H. Farley, a former conductor on the Telegraph Avenue line of the Oakland Traction Company, was arrested in a saloon at the corner of Seventh and Franklin streets at 1 o'clock this morning on suspicion of robbing Michael Laminardi of \$10.

Laminardi says he changed a \$20 piece to buy drinks for himself and Farley, and when he searched for his change a short time later he found a \$20 piece hidden in the band of Farley's underwear. Farley is held in the city prison awaiting a complaint from Laminardi.

**ROBBER ON TRAIN**

WEST OAKLAND, July 29.—Joseph Butler, while sleeping in a Pullman car in the Southern Pacific railroad yards Saturday night, asserts that his watch and chain and owl-head charm were stolen. There were three other persons in the car, but Butler does not desire it understood that he suspects any of them.

Smart Wood and Bettadonna, combined with the other ingredients used in the best hair cream, make Carter's S. W. & B. Backache Plasters the best in the market. Price 25 cents.

# KEY ROUTE TO EXTEND LINES

**Ferry System to Reach Out for Passenger Traffic in West Oakland.**

Although the officials of the company refuse to divulge any plans, it has leaked out that the Key Route is to invade West Oakland and to reach out for passenger traffic in the district west of Adeline street and south of Twenty-second street.

The recent purchase of the entire double track known as the old Pope and Talbot tract, between Twelfth, Fourteenth, Union and Poplar streets, has given rise to much speculation as to the use to which it will be put. The best information to date is that a large station and yard will be built on the property as a center for the West Oakland department of the Key Route business.

The move for passenger service is independent of the line for which the Key Route holds a franchise in Wood street from the Colfax to the city center, to Seventh street. This line is not intended for anything but freight handling when the company shall be ready to enter the transbay freight field as an active competitor of the Southern Pacific Company.

# WOMAN ADMITS JEWEL THEFT

**Alleged Slayer of Senator Foley Faces Prison for Stealing Diamond.**

Mary Foley, dressed in black, stepped in a very dignified manner up to the stand at Judge Ellsworth's court this morning and very quietly entered a plea of guilty to the charge of grand larceny preferred against her by Mrs. Gracia S. Pillsbury of Berkeley, in whose house Mrs. Foley worked for a day.

On leaving the house on March 18 last, Mrs. Foley took with her a gold bracelet set with diamonds valued at \$125. She took the jewel to an Oakland pawn broker, where she obtained about \$40 on it. The bracelet was recovered by a Berkeley detective, who arrested the woman some weeks later when she made her first appearance on the street after a lingering illness.

On the motion of Attorney Howard K. James sentence was continued until Wednesday morning.

Mrs. Foley in her youth was a very beautiful woman and although age shows a little on her now she still retains her beauty. She is the widow of a man who was killed by Senator Foley in the Nevada prison, but was released on a pardon. Mrs. Foley refuses to admit that she is the woman.

ment of enough organizers to double the membership of the Western Federation of Miners in the next few months. We will not have any more secret meetings of the various local unions, because there is nothing to hide. Then there will be no work for the detectives who have been getting money from the mine owners to spy upon our meetings."

**WET BLANKET DELEGATES.**

"Their action, and still more, their inaction, has been the amazement and despair of all the friends of peace. I say that because the British government has been so far as every principle the British government is concerned it would have been far better to have had no delegates at all than the men who have shown such a complete lack of interest in the peace-loving nations of the world."

**INCOMPETENT AND FAILURES.**

"As members of a conference striving for peace, we are about the most incompetent set of beings that ever achieved an unmitigated failure."

Mrs. Anna Dietrich of 641 Fortieth street reports that while she was at church Sunday a thief entered her house and stole a nickel watch and a lot of hat pins.

A burglar attempted to force a rear door of the residence at 928 Fifth avenue, East Oakland, Saturday night while L. C. Keating, the tenant, was absent.

J. Bomps, 817 Washington street, found this morning that the rear door of his room had been broken some time last night and the saloon ransacked. There was \$3.75 missing from the cash register.

**BITTEN IN FIGHT.**

In a fight at the free market this morning over the price of vegetables, F. Brunotto, a peddler of 554 Myrtle street, was bitten on the left thumb by another Italian. Brunotto had his assailant arrested and then went to the Receiving Hospital where Warden Page dressed the bitten digit.

**YOU OFTEN HEAR**

some one say, "I can't eat candy of any sort." Sometimes it is the teeth, sometimes the digestive tract, more often a general impression that the system won't stand for sweets. I once entertained that notion myself. I was converted from my folly by no less a personage than Mrs. Minister. She told me that good candy, eaten in moderation, would disagree with no one, unless the stomach were completely worn out. A stomach will rebel against a little poor candy, or even too much good candy, but the right sort of candy is an aid to digestion. I find that chocolate-coated caramels are a most wholesome and satisfying confection for me. I get mine at Lehnhardt's, of course.

# ROUTINE MATTERS ACTED UPON BY SUPERVISORS

## Chairman Mitchell Insists Upon Vote Being Taken on All Requisitions Made to Board.

"After this," said Chairman Mitchell of the Board of Supervisors to Deputy County Clerk Wilson, at the meeting of the board this morning, "we will take a vote upon all requisitions received from the various officials of this county. We will take a roll-call on all of them."

This statement was made after Deputy Wilson had read requisitions for various kinds of supplies from the District Attorney, the County Surveyor, the County Superintendent of Schools and the Superintendent of the County Infirmary.

**REFUND TAXES.**

A resolution was adopted refunding to the firm of Murphy, Grant & Co. \$922, which was paid as personal property tax on an incorrect statement of the value of the property. This action was referred to the board by the County Assessor Dalton and a favorable opinion on the subject by the District Attorney, through Deputy W. H. Donahue. The Assessor set forth that Murphy, Grant & Co. had paid taxes on \$307,036 on their property, based upon the recommendation of Assessor Dalton and a favorable opinion on the subject by the District Attorney, through Deputy W. H. Donahue. **BRIDGE AT PERALTA STREET.**

Resolved that the construction of a concrete bridge over Peralta street in Fruitvale were opened as follows: Ransome Concrete Construction Co., 225 West Madison, \$25,000; W. N. Whitmore, \$25,000.

The contract was awarded to W. N. Whitmore. The work is to be completed in sixty days. The contractor was ordered to give a bond in the sum of \$10,000. The application for relief was referred to Supervisor Mitchell.

The building committee to paint the new quarters of the county surveyor, at a cost not to exceed \$1,000.

The same committee was empowered to make needed repairs in the county law library at a cost not to exceed \$1,000.

**TO MAKE REPAIRS.**

Still another resolution was adopted authorizing the building committee to make such repairs in the court house as will provide suitable chambers for department 5 of the superior court room, for the stenographers' jury probation room and the jury room.

A map of Elmerest was filed, but with not to exceed \$500.

A map of Elmerest was filed, but with not to exceed \$500.

A resolution was adopted transferring from the general fund sums as follows: To the Alameda road, \$15,000, and to the Dublin road, \$5,000.

Shirley Barnett reported that the cost of maintaining prisoners in the county for the past month was \$325.

**WITHDRAW APPLICATION.**

Hawlett & Kirby withdrew their application for a license to operate a saloon in the San Leandro road, near Grand street. A protest against the granting of the license had been filed with the board. A liquor license to W. J. Hughes of Sunol had also been filed on the ground that the application had not been signed by six of the residents nearest the proposed saloon. Supervisor Horner, however, cleared that survey of the surroundings showed that the applicant had secured the necessary signatures. The license was granted.

The application of W. J. Downey for a saloon license at Mission San Jose was also cleared.

Liquor licenses were granted to Manuel Davilla, Mountain road and Bay View, and to F. A. Arango, Warm Springs.

**FILLING CHANNEL.**

The Derby Estate Company presented to the county a plan for filling a strip of land four feet in width for the purpose of widening the walk on the west side of the street between the corner of East Fourteenth street and the Southern Pacific railroad track.

Adjourned for one week.

# STEAD SCORES BRITISHERS

## Noted Editor Says England Has Been Misrepresented by Her Hauge Delegates.

LONDON, July 29.—William T. Stead, editor of the Review, who has been conducting a publication at the Hague devoted to peace conference matters, when interviewed today on the progress of the peace conference, delivered a serious indictment against the British delegates. He said:

"Until last Saturday, when under the pressure of any protest the British government instructed its delegates to make a belated declaration of adhesion to the American plan of obligatory arbitration, the British delegation had done nothing for peace, nothing for arbitration, nothing, in short, for anything the British people believed they had been sent to the Hague to do."

## COMMUTERS SPLIT EVEN ON DAY WITH SAN FRANCISCO

Van Haltren's Men Lose the Morning Game, but Capture the Game on Valencia-Street Grounds.

Not in twice seven thousand years should Willie Waldorf Wellington Wright have lost yesterday's game at Freeman's Park, but the Commuters played like a bunch of Chaldeans and lost.

Now, gentle reader, you will understand the situation when I assure you that Charles Chomolendy Brennan, assures me that the Chaldeans have been dead for going on thousands of years.

The Commuters played as though they were dead for eons upon eons of time. Not once did they take advantage of their birthright—which is playing ball—but like Esau, sold it for a song, and we didn't even hear the song.

In the afternoon the Commuters crossed the bay, and turned the trick on the Seals, which gave them the series four to three, and after all that's a pretty good record.

The best morning crowd of the present season turned out at Freeman's park. It was a good natured crowd, too, and didn't take exceptions to any of the playing or misplaying, to be more accurate.

That throng showed just how good a baseball town Oakland is. So far as baseball is concerned we are surely on the map.

It's up to the fans to give us a crowd on Tuesday afternoons, similar to yesterday morning's and if they do, Oakland may have a regular home team next year.

Wright pitched a fat sort of game. Not as good as he has pitched, but it was good enough to win had he been supported properly.

He was very wild in the opening innings, and during the game walked six men, and hit Spencer with a pitched ball.

The Seals got busy right off the reel, and scored on Moher's fielder's choice, Halsey's error and Hildebrand's single. Oakland got this run back in their half of the game on Heltmuller's fielder's choice and singles by Eagan and Dashiwood.

A couple of walks, and a double steal by Williams and Jones netted the Seals another run in the second.

Moher's base on balls, Wheeler's safe top a sacrifice, by Hildebrand and Irwin's rap to Heltmuller gave to the Seals another run in the sixth.

Williams' double, Spencer's sacrifice and a single by Esola netted another tally for the Seals in the seventh.

Halsey's walk, a steal of second, Jones' slam of Devereaux and a single by Smith scored one for the Commuters in the seventh.

A base on balls to Irwin, Wright's hitting of Williams, Spencer's sacrifice and Esola's infield hit netted the Seals their last run of the day in the ninth.

JIMMY BRITT, WHO WILL MEET BATTLING NELSON FOR THE THIRD AND DECIDING TIME WEDNESDAY NIGHT.

## TURF

Interesting Notes About Racing  
Matter  
By LEE DEMIER

Race patrons are offered a good Monday card at the Meadows. Nothing in the way of special features will be decided, but six interesting events should furnish first class sport.

Seven races filled to the limit make up the program at Fort Erie and the talent is up against a hard proposition.

News comes from Seattle that the body of T. P. "Stoney" Clark, a well-known bookmaker and turf man, was found early Saturday morning in the middle of the street in the southern part of the city. The cause of his death has not been determined. Clark arrived recently from Butte.

"Stoney" Clark was one of the most widely known turfites in this country. During the old Bay District days he cut quite a figure in the bookie line. He got his early turf education during the flourishing days in pool alley, St. Louis.

The Seattle Derby is now the thing of the past. Johnny Lyons won the race. Hurrah! hurrah!

There was a wholesale changing of ownership of horses at the Meadows Saturday. C. C. McCafferty bid Water Thrush up from \$400 to \$500 and took her. D. S. Fountain claimed Redwood for \$650. T. F. Fitzgerald claimed Rutaback for \$650. E. J. Baldwin claimed Fastoso for \$650 and C. C. McCafferty claimed Duffel for \$650.

It was another glorious day for W. P. Fine when Glorio won the handicap at Seattle Saturday.

There was a billiard match the other day at Seattle between "Big Bill" Henry and "Big Ed" Henry. "Kid" Blazer acted as referee. While the former was trying to make a fine shot he accidentally struck Blazer in the eye. The game had to be called off, while the contestants went hunting for a paint shop to fix up Blazer's optic.

Handicapper Will Hall writes that his figures are getting the coin at the Meadows.

# S.S.S. CURES CATARRH

Catarrh is not merely a disease of the mucous membranes and inner linings of the body as some of the symptoms would seem to indicate; it is a deep-seated blood disease, in which the entire circulation and the greater part of the system are involved. Like all other blood diseases, Catarrh comes from poisons and impurities accumulating in the circulation which irritate and inflame the tissues and mucous surfaces, and then the unpleasant symptoms of the disease are manifested. There is a ringing noise in the ears, a thin, watery discharge from the nostrils, filthy matter drops back into the throat, the breath has an offensive odor, and many other annoying and unpleasant symptoms are characteristic of the trouble. Sprays, washes, inhalations, etc., cannot reach the blood, and are therefore valuable only for the temporary relief they afford. To cure Catarrh the blood must be purified. Nothing equals S. S. S. for this purpose; it goes down into the circulation, removes the catarrhal matter, purifies the blood and makes a lasting cure. When S. S. S. has removed the cause, the blood being pure and healthy nourishes the membranes and tissues instead of irritating them with noxious matter, and the symptoms all pass away. Book on Catarrh and any medical advice free.

### How to Exercise the Bowels

OUR Intestines are lined inside with millions of suckers, that draw the Nutrition from food as it passes them. But, if the food passes too slowly, it decays before it gets through. Then the little suckers draw Poison from it instead of Nutrition. This Poison makes a Gas that injures your system more than the food should have nourished it.

The usual remedy for this delayed passage (called Constipation) is to take a big dose of Castor Oil.

This merely makes slippery the passage for unloading the current cargo.

It does not help the Cause of delay a trifle. It does slacken the Bowel-Muscles, and weakens them for their next task.

Another remedy is to take a strong "Physic," like Salts, Calomel, Jalap, Phosphate of Sodium, Aperient Water, or any of these mixed.

What does the "Physic" do?

It merely flushes-out the Bowels with a waste of Digestive Juice, set flowing into the Intestines through the tiny suckers.

Cascarets are the only safe medicine for the bowels.

They do not waste any precious fluid of the Bowels, as "Physics" do.

They do not relax the Intestines by greasing them inside like Castor Oil or Glycerine.

They simply stimulate the Bowel-Muscles to do their work naturally, comfortably, and nutritiously.

They are put up in thin, flat, round-cornered Enamel boxes, so they can be carried in a man's vest pocket, or in a woman's purse, all the time, without bulk or trouble.

The time to take a Cascaret is not only when you are Sick, but when you first suspect you need one. Price, 10c a box.

Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC." All druggists.

## Stockton Beats Alameda Nine

ALAMEDA, July 29.—Through slack playing in the part of the home team here yesterday, Stockton, the leaders in the State League, were enabled to carry back a game with them to the Slough City by a score of 4 to 1.

A bunch of fans, approximately by the management at \$5.00, were in attendance. Little Johnny Hopkins, who formerly pitched for the Oakland team, was on the firing line for the Alameda team, and for eight innings he was invincible. During the game the little southpaw allowed the Stockton hitters only three hits, while Alameda combed Stockton for seven safeties.

For four innings not a man of the Stockton team crossed second base, but in the fifth Stockton made one on a double, and the bases were loaded. The return throw and the first one was over. Again in the seventh the double squeeze was worked, Mortuary scoring. Stockton added two more in the eighth inning. Stockton won the game through superior pitching. Dunaway, the Alameda ace, seems to have regained his old time form. He slapped out two hits.

Alameda scored in the ninth. The score:

## San Jose Wins Game at Last

SAN JOSE, July 29.—The Garden City team yesterday shattered the hood that has been hovering over that aggregation by defeating the San Francisco team in a well played game by a score of 5 to 3.

San Jose scored all their runs in the third inning when they whacked Seltz, the Mountain View pitcher, all over the lot.

Krause, who twirled for the San Jose team, had great control and he allowed the visitors only four hits.

STRAINER "SHOOT UP" SOCIAL WOUNDING ONE

WEST OAKLAND, July 29.—Boochi Zonini was shot in the leg by a stranger in a rear room at 1385 Thirteenth street, at 11 o'clock last night. Zonini and some friends had been enjoying a social time when suddenly a stranger man appeared and engaged in a quarrel with everyone who came near him.

In the melee he drew a pistol and shot Zonini and quickly escaped from the room, eluding arrest, although a posse of police started on his trail.

IDENTITY OF YOUNG SUICIDE ESTABLISHED

LOS ANGELES, July 29.—The identity of the man whose body was found in an old cistern near East Duarte Thursday was established yesterday morning, according to Marshall Miller of Monrovia.

The man was William Henry Allen, aged 21 years, a resident of Upland. The identity was established when the father of the young man called at the marshal's office and asked to see the watch and seals which were found on the man's wrist.

The property was found in the man's possession, but his description of the man established the man's identity. According to the father, the young man was slightly demented. It is thought it was a case of suicide.

## ALAMEDA COUNTY TAKES OUT MANY AUTO LICENSES

Of the Total Number Issued for the State of California This County Takes Out 53.

During the month of June, there were 509 automobile licenses issued from the office of Secretary of State Curry at Sacramento, as against 342 for the month of May. Of those issued last month, 53 were granted to automobile owners in Alameda county. This means that one automobile in every ten of those latest in commission is owned in Alameda county.

These new cars are apportioned among the cities and towns of this county as follows: Oakland, 30; Alameda, 2; Berkeley, 12; Livermore, 1; Hayward, 2; Pleasanton, 4; Piedmont, 1; Claremont, 1; San Leandro, 1.

The number, name and residence of owners of the several latest cars in this county are as follows:

Oakland—No. 10988, A. Arlett, Childs-Arlett Company, Bacon building; 10,990, J. H. Crews, 1010 1/2 Washington street; 10,991, A. H. Morrison, 644 Eighth street; 11,011, P. J. Walker, 1138 Fifth avenue; 11,053, W. Letts Oliver, 101 Vernon street; 11,067, H. H. Haight, Kelson Court; 11,079, A. Miller, 1115 Broadway; 11,109, George C. Farides, 672 Eleventh street; 11,130, J. ## Cordovas Win From Oakland

SACRAMENTO, July 29.—Because the Oakland State League team's fielders were ballooning at serious stages of the game yesterday Sacramento took the contest and got a firm hold on second place in the league race.

There were numerous errors on both sides. Oakland excelled at the bat, slating the ball for eight good clouts.

Eddie Burns joined Sacramento yesterday and proved himself to be a valuable addition. The score:

TWENTY LIVES  
LOST IN FIRE

Flames Originate on Lower Floor  
of Basement and Victims  
Quickly Perish.

NEW YORK, July 29.—After an all night search of the ruins of the six-story apartment at No. 222 Christie street, which was burned shortly after midnight, the police announced that there were twenty victims of the fire.

The bodies of the dead were found in all sorts of unexpected places where they had fled. Almost all of them were burned beyond recognition, many to such an extent that it was impossible to distinguish the sex. A majority of the victims, the police believe, were women and children.

Only five had been identified up to an early hour today. They were Maritje de Polle, his wife Amelia, and their two infant children, and Frank Shields, a badly injured cripple, who was carried out alive by the firemen but who succumbed to his injuries soon after rescue.

**OLD TIME TENEMENT.**  
The burned building was one of those old-fashioned tenements common to the east side, with a store on the ground floor and the apartments upstairs crowded with human life.

The fire started in the store and swept through the building with such rapidity that a fifth of the one hundred tenants on the place met a horrible death. Many, although escaping with their lives, were severely burned or otherwise injured.

After the fire an unknown man was found wandering delirious in the street suffering intense agony from burns which extended from head to foot. His clothes had been burned from his body, only here and there a shred remaining attached to the blistered flesh.

**MINING UNDER ARMED GUARD**

Acting President of Federation Ordered Away From Premises of Iron Mines.

HIBBING, Minn., July 29.—Stripping and mining operations were generally resumed today and not a sign of trouble was reported.

At all of the mines deputies armed with long range rifles occupied advantageous positions, and the men at work were assured ample protection against strikers.

Acting President Mahoney of the Western Federation of Miners reached Hibbing yesterday and was met by Pierella, who is leading the strikers. After a conference they drove to the Stevenson mine, but the mine officials ordered them off. Today they drove to the Morris mine and here Superintendent Thompson told them to keep moving. Later they stopped at the Whiting mine for a moment and then continued in the direction of Chisholm.

Mahoney said he expected to remain upon the range about ten days. He said the strike would be continued in the same way. It has been conducted up to the present time, and that there would be no violence if he could help it. He deplored the presence of so many armed deputies.

**SUPERIOR, Wis., July 29.**—The Aloues ore docks are working today with a small crew. Many of the former workmen have gone to other places.

In San Francisco

Losing control of his bicycle when coasting down the Fulton street grade, C. A. Johnson collided at the Fillmore street crossing with Sergeant Henry A. Smith, of the Presidio general hospital corps, yesterday afternoon, breaking that officer's arm and severely injuring himself. Both men had to be taken to the hospital.

**SHOT AT HIS PASSENGERS.**  
Joseph Fusco, driver of a union bus, was arrested shortly after midnight, for attempting to shoot two of his passengers who alighted at Nineteenth and Kentucky streets. The shooting grew out of a dispute over the fare. Fusco was under the influence of liquor and resisted arrest by firing at the arresting officer.

**LENGTHENING CAR SERVICE.**  
Service on the Powell street and Washington street cable lines will be extended by the United Railroads management today until 1 o'clock in the morning.

**ACTOR TURNS BURGLAR.**  
Charles Adams, who professes to be a thespian, was detected last evening carrying off three bolts of cloth, which he had stolen from the wholesale store of Hulse, Ralston & Co., at 777 Harrison street. Adams had broken into the premises by prying off the back door with a crowbar.

**STABBED BY NEGRO.**  
During a Barbary Coast brawl yesterday morning Dominic Gobeil, a seaman, was cut in the groin by Jesse Thomas, a negro.

**LEG BROKEN IN COLLISION.**  
As a McAllister street car bumped yesterday morning into the rear of a union bus which had halted near the car track to take H. Usar, a Scott street painter on board as a passenger, Usar's leg was caught between the car and the step of the bus and seriously fractured. Motorman Charles A. Harding was put under arrest.

**ATTEMPTED SUICIDE.**  
Mrs. Marlene Peters, a bride of only a few weeks, made a desperate attempt to commit suicide yesterday evening by swallowing a dose of carboic acid, because for the second Sunday since their marriage her husband had kept away from her all day.

**LONDON IS WORSE.**  
LONDON, July 29.—Treasurer Asquith is here with a party of New York State representatives, says London is better off than New York.

"If we had a street in New York so dirty as The Strand," he said, "we would take steps to effect a change."  
New York was slight compared with London, especially in the early morning, when an electric street car was found, full in London without restriction in the early day.

"AMERICA, THE REAL  
JEWS' PROMISED LAND"  
Jacob Schiff, Banker.

NEW YORK, July 29.—Jacob H. Schiff, the New York banker, in an address at the closing meeting of the Jewish Chautauqua at Atlantic City, N. J., declared that the hope of the restoration of the Jewish nation in Palestine was not the guiding star of Israel's hope, but that the promised land of the Jews was in America.

There was instant applause when the sentiment was uttered which broke but a fresh when Mr. Schiff reiterated the sentiment and held that in the free land of the United States was to be found the inspiration of the Jews for higher citizenship.

**STRUCK BY TRAIN:  
FOUND UNCONSCIOUS**

WEST OAKLAND, July 29.—Unconscious and bleeding profusely from wounds in his head, Nick Cristil, a deck hand in the employ of the Southern Pacific, was picked up at the side of the tracks at the foot of Peralta street yesterday and removed to the Receiving Hospital and from there to the Oakland Central Hospital, where it is thought that he will recover from the blow supposed to have been sustained from being struck by a train. From the condition of his body the hospital authorities thought that Cristil had been walking along the track when the train struck him and threw him aside. His spine was injured by the accident. The young man is 25 years old and lives at 711 Peralta street.

**IT MAKES VERY  
LITTLE DIFFERENCE**

Batcheller—I suppose it's mighty expensive to have your child sick in bed so long.

Phamley—Yes, but then if he were well and hearty he'd be wearing out clothes.

**IT ALL DEPENDS.**

Miss Knox—There's a scandalous story about her in this morning's "Daily Howler."

Miss Goodart—But you can't believe anything you read in that paper.

Miss Knox—I can if I want to.

"My Cake is Dough."

UNNECESSARY  
NOISE STOPS

New Yorkers Striving for More  
Peaceful City Win Victory—  
London Far Worse.

NEW YORK, July 29.—The recently organized society for the suppression of unnecessary noises has won another victory.

Through Captain Ira Hansen, of the Steamboat Inspection Service, the society secured a decision from the government regarding the whistling of steamers on the rivers and bay. Hereafter the whistling of tugs to attract attention of scowmen in charge of tows which they expect to take up, the blowing of private signals and even the employment of the siren whistle on a fireboat is prohibited.

**CLERK INJURED.**  
George Black, a young clerk living at 1807 Seventh street, was painfully sprained about the left knee yesterday afternoon by being thrown from a buggy at Twenty-third street and Fruitvale avenue. His injuries were treated at the Receiving Hospital by Dr. W. R. Rice.

GENERAL JOE PICKETT  
DYING AS "PRISONER"

WORCESTER, Mass., July 29.—General Joseph Pickett, 85 years of age, a veteran of the Civil War, is said to be dying here, technically a military prisoner. He has been under arrest, it is said, ever since the battle of Cold Harbor, and has declared that he will die a prisoner.

General Pickett was colonel of the Twenty-fifth Massachusetts during the fighting at Cold Harbor, and in a fit of anger, in the heat of the fight, replied roughly to General Stannard, his superior. The latter placed him under arrest and took his sword.

Later Pickett was commended by Stannard for gallantry in the Cold Harbor battle, while heading a charge, but the record of arrest was never changed, and General Pickett has been officially under arrest over forty years.

**SPANIARDS FAIL IN  
EFFORT AT UPRISING**

HAVANA, July 29.—A report from Santiago says that twenty men under Emilio Sagredo, a Porto Rican, who were planning an uprising, were surprised by rural guards at Secadero, not far from Santiago. Shots were exchanged, but no one was hurt. It is understood that the band is composed mostly of Spaniards. Another band is reported in the same neighborhood. The rural guards are searching for them. Three men have been captured.

**THE CONQUEROR.**  
He looked at me with pleading eyes. His ardent suit he pressed. My gentle "No" he would not hear, Nor let the subject rest.

He asked me once again and then I sighed and answered "Yes"—and I bought.

His book of safety pins. —Puck.

ELEPHANT IN  
FIGHT FOR CENTS

Animal Nearly Kills People Who  
Tries to Pick Up Penny  
Tossed Him.

NEW YORK, July 29.—Gunda, an elephant in the Bronx Park Zoological Garden, that amuses crowds by picking up cents thrown to him and carefully hoarding them, all but killed a man he believed was trying to rob him.

The man is Otto Hoffman, a keeper. Hoffman has had fifteen years' experience with wild animals, but had been Gunda's keeper only for a week, but was evidently ignorant of the beast's idiosyncrasies. He was in the act of picking up a cent which had rolled out of the reach of Gunda's trunk when the animal flew into a rage, grabbed him and dragged him into the cage. By clinging to the elephant's tusks, the keeper managed to keep himself from being trod to death. Other keepers prodded the animal with pitchforks until Hoffman could get out of the cage. When he did so he fainted. A doctor found the man was badly bruised and had a crushed rib and a ruptured liver. He is in a serious condition.
